### 4. BUSINESS ARISING FROM PREVIOUS MEETING

#### 4.1 KACP Public Art Update

The steering group was provided an update of the public art process under way in regards to the Karratha Arts and Community Precinct. Consultant briefs have been developed and will be advertised at the end of June 2016. A detailed timeline of proposed future decisions and meetings was also provided to the group regarding the selection and procurement of the three public art pieces/locations. Copies of the brief were provided to members.

### 5. ITEMS FOR DISCUSSION

- 5.1 The group received an overview of public art projects that are currently proposed as part of the construction process for the following projects.

#### Tambrey Pavilion

The steering group considered the public art proposals suggested by the officers and determined that a small sculpture located external to the building with capacity to be interactive would be the most appropriate for the project. The attached site plan indicative proposed areas for the sculpture to be located.

Alternative considerations were murals and signage for the pavilion. The budget for the project is approximately \$14,000.

**Wickham Community Hub**

The steering group considered the public art proposed locations suggested by officers and the Wickham stakeholders group. The group agreed that the prioritised areas would be youth spaces (internal and external) and the Library / ELC entry space. Discussion was had regarding more than one art piece and for a portion of the public art to incorporate an interactive component. The group believed that consultation with the Wickham stakeholder group should continue in regards to the location and scope of the public art. The attached site plan indicates the proposed areas for public art to be located.

The budget for the project is approximately \$116,000.

**Nickol West Public Open Space**

The steering group considered the public art proposed locations suggested by officers for the new public open space.

The group agreed that the prioritised areas should be incorporated in to the central space between the existing Nickol West Park and the proposed new open space development – as indicated on the attached site map. Focus could incorporate functional public art in the form of shade structures / seating within this area. Additional comments included expanding the scope to incorporate a 3on3 basketball style facility that could functional public art pieces. The group did not support entry statement public art near carpark access area.

The budget for the project is approximately \$28,000.

**Meeting concluded 9.35am**

**Next meeting scheduled for Week commencing Monday 25 July 2016**
