I object to the Cok increasing my rates when my houses and I has been substantially devalued, the Shire has no reason to increase rates as with this down turn you are able to pay less wages, and contract out way cheaper than you where paying for it before the down turn. Your housing is way cheaper, you have also invested in places lot the Quarter and air port to help your income levels.

Rates are worked out at the rate of rental value, they certainly have not come down to anywhere near what they should be

Keep Smiling
