Dear Ray McDermott,

“Differential Rates” – Rate Assessment: A53062

I, Melissa Harris, property owner of 34A Nickol Road, object to the rate increase opposed on us for 2018/2019 Financial year.

If the Council adopts this increase the rates for our property will go up by \$242.84 which is an 11.82% increase from last financial year. I feel this is unfair and I would like to see the rates not raised this year. It is time the Council starts looking for ways to reduce expenditure and pass savings onto the ratepayers. It has been a hard few years in Karratha for the Owners of properties.

The Statutory requirements states we should have 21 days to comment on the submission, however the letter notification Ref: OCR167226 – Advertised Differential Rates Model 2018/2019, although dated the 9th May, it was not received by us until the 16th May 2018.

I hope you consider my submission and choose to not increase the rates this year.

Yours sincerely

(Sent via Email)

Melissa Harris
