Changes on revaluation of non-current assets		0	0	0
Total other comprehensive income		<u>0</u>	<u>0</u>	<u>0</u>
TOTAL COMPREHENSIVE INCOME		<u>33,092,073</u>	<u>33,037,984</u>	<u>42,162,050</u>

Notes:

All fair value adjustments relating to remeasurement of financial assets at fair value through profit or loss (if any) and changes on revaluation of non-current assets are impacted upon by external forces and are not able to be reliably estimated at the time of budget adoption.

Fair value adjustments relating to the re-measurement of financial assets at fair value through profit or loss will be assessed at the time they occur with compensating budget amendments made as necessary.

It is anticipated, in all instances, any changes upon revaluation of non-current assets will relate to non-cash transactions and as such, have no impact on this budget document.

This statement is to be read in conjunction with the accompanying notes.

The City of Karratha introduced a service charge for the 2014/15 financial year in relation to the Pilbara Underground Power Project.

Service charges paid prior to the end of the 2015/16 financial year will be transferred to the Pilbara Underground Power Reserve to fund expenditure over the remaining years of the project.

Service charge amounts remaining unpaid at the end of the 2015/16 financial year are unable to be transferred to the Pilbara Underground Power Reserve and therefore represent a restricted surplus amount.

Due to the restricted nature of the associated asset, this amount has been excluded from the calculation of the net Current Asset Position.

CITY OF KARRATHA
NOTES TO AND FORMING PART OF THE BUDGET
FOR THE YEAR ENDED 30 JUNE 2017

1. SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of Preparation

The budget has been prepared in accordance with applicable Australian Accounting Standards (as they apply to local government and not-for-profit entities), Australian Accounting Interpretations, other authoritative pronouncements of the Australian Accounting Standards Board, the Local Government Act 1995 and accompanying regulations. Material accounting policies which have been adopted in the preparation of this budget are presented below and have been consistently applied unless stated otherwise.

Except for cash flow and rate setting information, the budget has also been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

The Local Government Reporting Entity

All funds through which the City controls resources to carry on its functions have been included in the financial statements forming part of this budget.

In the process of reporting on the local government as a single unit, all transactions and balances between those Funds (for example, loans and transfers between Funds) have been eliminated.

All monies held in the Trust Fund are excluded from the financial statements. A separate statement of those monies appears at Note 16 to this budget document.

(b) 2015/16 Actual Balances

Balances shown in this budget as 2015/16 Actual are as forecast at the time of budget preparation and are subject to final adjustments.

(c) Rounding Off Figures

All figures shown in this budget, other than a rate in the dollar, are rounded to the nearest dollar.

(d) Rates, Grants, Donations and Other Contributions

Rates, grants, donations and other contributions are recognised as revenues when the City obtains control over the assets comprising the contributions.

or, where earlier, upon receipt of the rates.

(e) Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

(f) Superannuation

The City contributes to a number of superannuation funds on behalf of employees.

All funds to which the City contributes are defined contribution plans.

CITY OF KARRATHA
NOTES TO AND FORMING PART OF THE BUDGET
FOR THE YEAR ENDED 30 JUNE 2017

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(g) Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks, other short term highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value and bank overdrafts.

Bank overdrafts are shown as short term borrowings in current liabilities in Note 4 - Net Current Assets.

(h) Trade and Other Receivables

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets.

Collectability of trade and other receivables is reviewed on an ongoing basis. Debts that are known to be uncollectible are written off when identified. An allowance for doubtful debts is raised when there is objective evidence that they will not be collectible.

(i) Inventories

General

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

Land Held for Resale

Land held for development and sale is valued at the lower of cost and net realisable value. Cost includes the cost of acquisition, development, borrowing costs and holding costs until completion of development. Finance costs and holding charges incurred after development is completed are expensed.

Gains and losses are recognised in profit or loss at the time of signing an unconditional contract of sale if significant risks and rewards, and effective control over the land, are passed on to the buyer at this point.

Land held for sale is classified as current except where it is held as non-current based on Council's intentions to release for sale.

**CITY OF KARRATHA
NOTES TO AND FORMING PART OF THE BUDGET
FOR THE YEAR ENDED 30 JUNE 2017**

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(j) Fixed Assets

Each class of fixed assets within either property, plant and equipment or infrastructure, is carried at cost or fair value as indicated less, where applicable, any accumulated depreciation and impairment losses.

Initial Recognition and Measurement between Mandatory Revaluation Dates

All assets are initially recognised at cost and subsequently revalued in accordance with the mandatory measurement framework detailed above.

In relation to this initial measurement, cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at no cost or for nominal consideration, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the City includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads.

Individual assets acquired between initial recognition and the next revaluation of the asset class in accordance with the mandatory measurement framework detailed above, are carried at cost less accumulated depreciation as management believes this approximates fair value. They will be subject to subsequent revaluation of the next anniversary date in accordance with the mandatory measurement framework detailed above.

Revaluation

Increases in the carrying amount arising on revaluation of assets are credited to a revaluation surplus in equity. Decreases that offset previous increases of the same asset are recognised against revaluation surplus directly in equity. All other decreases are recognised in profit or loss.

Land Under Roads

In Western Australia, all land under roads is Crown land, the responsibility for managing which, is vested in the local government.

Effective as at 1 July 2008, Council elected not to recognise any value for land under roads acquired on or before 30 June 2008. This accords with the treatment available in Australian Accounting Standard AASB 1051 Land Under Roads and the fact Local Government (Financial Management) Regulation 16(a)(i) prohibits local governments from recognising such land as an asset.

In respect of land under roads acquired on or after 1 July 2008, as detailed above, Local Government (Financial Management) Regulation 16(a)(i) prohibits local governments from recognising such land as an asset.

Whilst such treatment is inconsistent with the requirements of AASB 1051, Local Government (Financial Management) Regulation 4(2) provides, in the event of such an inconsistency, the Local Government (Financial Management) Regulations prevail.

Consequently, any land under roads acquired on or after 1 July 2008 is not included as an asset of the City

**CITY OF KARRATHA
NOTES TO AND FORMING PART OF THE BUDGET
FOR THE YEAR ENDED 30 JUNE 2017**

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(j) Fixed Assets (Continued)

Depreciation

The depreciable amount of all fixed assets including buildings but excluding freehold land, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful life of the improvements.

Major depreciation periods used for each class of depreciable asset are:

Artwork/sculptures	50 years
Buildings:	
- Buildings	50 years
- Buildings fixtures/fittings	11 years
- Buildings on leased land	21 years
- Transportable building	15 years

- Waste Ancillary Assets	40 years

The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in profit or loss in the period which they arise.

Capitalisation Threshold

Expenditure on items of equipment under \$5,000 is not capitalised. Rather, it is recorded on an asset inventory listing.

(k) Fair Value of Assets and Liabilities

When performing a revaluation, the City uses a mix of both independent and management valuations using the following as a guide:

Fair Value is the price that the City would receive to sell the asset or would have to pay to transfer a liability, in an orderly (i.e. unforced) transaction between independent, knowledgeable and willing market participants at the measurement date.

CITY OF KARRATHA
NOTES TO AND FORMING PART OF THE BUDGET
FOR THE YEAR ENDED 30 JUNE 2017

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(k) Fair Value of Assets and Liabilities (Continued)

As fair value is a market-based measure, the closest equivalent observable market pricing information is used to determine fair value. Adjustments to market values may be made having regard to the characteristics of the specific asset. The fair values of assets that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data.

To the extent possible, market information is extracted from either the principal market for the asset (i.e. the market with the greatest volume and level of activity for the asset or, in the absence of such a market, the most advantageous market available to the entity at the end of the reporting period (ie the market that maximises the receipts from the sale of the asset after taking into account transaction costs and transport costs).

For non-financial assets, the fair value measurement also takes into account a market participant's ability to use the asset in its highest and best use or to sell it to another market participant that would use the asset in its highest and best use.

Fair Value Hierarchy

AASB 13 requires the disclosure of fair value information by level of the fair value hierarchy, which categorises fair value measurement into one of three possible levels based on the lowest level that an input that is significant to the measurement can be categorised into as follows:

Level 1

Measurements based on quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.

Level 2

Measurements based on inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3

Measurements based on unobservable inputs for the asset or liability.

The fair values of assets and liabilities that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data. If all significant inputs required to measure fair value are observable, the asset or liability is included in Level 2. If one or more significant inputs are not based on observable market data, the asset or liability is included in Level 3.

Valuation techniques

The City selects a valuation technique that is appropriate in the circumstances and for which sufficient data is available to measure fair value. The availability of sufficient and relevant data primarily depends on the specific characteristics of the asset or liability being measured. The valuation techniques selected by the City are consistent with one or more of the following valuation approaches:

Market approach

Valuation techniques that use prices and other relevant information generated by market transactions for identical or similar assets or liabilities.

CITY OF KARRATHA
NOTES TO AND FORMING PART OF THE BUDGET
FOR THE YEAR ENDED 30 JUNE 2017

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(k) Fair Value of Assets and Liabilities (Continued)

Income approach

Valuation techniques that convert estimated future cash flows or income and expenses into a single discounted present value.

Cost approach

Valuation techniques that reflect the current replacement cost of an asset at its current service capacity.

Each valuation technique requires inputs that reflect the assumptions that buyers and sellers would use when pricing the asset or liability, including assumptions about risks. When selecting a valuation technique, the City gives priority to those techniques that maximise the use of observable inputs and minimise the use of unobservable inputs. Inputs that are developed using market data (such as publicly available information on actual transactions) and reflect the assumptions that buyers and sellers would generally use when pricing the asset or liability and considered observable, whereas inputs for which market data is not available and therefore are developed using the best information available about such assumptions are considered unobservable.

The mandatory measurement framework imposed by the *Local Government (Financial Management) Regulations* requires, as a minimum, all assets to be revalued at least every 3 years. Relevant disclosures, in accordance with the requirements of Australian Accounting Standards have been made in the budget as necessary.

(l) Financial Instruments

Initial Recognition and Measurement

Financial assets and financial liabilities are recognised when the City becomes a party to the contractual provisions to the instrument. For financial assets, this is equivalent to the date that the City commits itself to either the purchase or sale of the asset (ie trade date accounting is adopted).

Financial instruments are initially measured at fair value plus transaction costs, except where the instrument is classified 'at fair value through profit or loss', in which case transaction costs are expensed to profit or loss immediately.

Classification and Subsequent Measurement

Financial instruments are subsequently measured at fair value, amortised cost using the effective interest rate method, or cost.

Amortised cost is calculated as:

- (a) the amount in which the financial asset or financial liability is measured at initial recognition;
- (b) less principal repayments and any reduction for impairment; and
- (c) plus or minus the cumulative amortisation of the difference, if any, between the amount initially recognised and the maturity amount calculated using the effective interest rate method.

CITY OF KARRATHA
NOTES TO AND FORMING PART OF THE BUDGET
FOR THE YEAR ENDED 30 JUNE 2017

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(I) Financial Instruments (Continued)

The effective interest method is used to allocate interest income or interest expense over the relevant period and is equivalent to the rate that discounts estimated future cash payments or receipts (including fees, transaction costs and other premiums or discounts) through the expected life (or when this cannot be reliably predicted, the contractual term) of the financial instrument to the net carrying amount of the financial asset or financial liability. Revisions to expected future net cash flows will necessitate an adjustment to the carrying value with a consequential recognition of an income or expense in profit or loss.

(i) Financial assets at fair value through profit and loss

Financial assets are classified at "fair value through profit or loss" when they are held for trading for the purpose of short term profit taking. Assets in this category are classified as current assets. Such assets are subsequently measured at fair value with changes in carrying amount being included in profit or loss.

(ii) Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market and are subsequently measured at amortised cost. Gains or losses are recognised in profit or loss.

Loans and receivables are included in current assets where they are expected to mature within 12 months after the end of the reporting period.

(iii) Held-to-maturity investments

Held-to-maturity investments are non-derivative financial assets with fixed maturities and fixed or determinable payments that the City management has the positive intention and ability to hold to maturity. They are subsequently measured at amortised cost. Gains or losses are recognised in profit or loss.

Held-to-maturity investments are included in current assets where they are expected to mature within 12 months after the end of the reporting period. All other investments are classified as non-current.

(iv) Available-for-sale financial assets

Available-for-sale financial assets are non-derivative financial assets that are either not suitable to be classified into other categories of financial assets due to their nature, or they are designated as such by management. They comprise investments in the equity of other entities where there is neither a fixed maturity nor fixed or determinable payments.

They are subsequently measured at fair value with changes in such fair value (i.e. gains or losses) recognised in other comprehensive income (except for impairment losses). When the financial asset is derecognised, the cumulative gain or loss pertaining to that asset previously recognised in other comprehensive income is reclassified into profit or loss.

Available-for-sale financial assets are included in current assets, where they are expected to be sold within 12 months after the end of the reporting period. All other available for sale financial assets are classified as non-current.

(v) Financial liabilities

Non-derivative financial liabilities (excl. financial guarantees) are subsequently measured at amortised cost. Gains or losses are recognised in the profit or loss.

CITY OF KARRATHA
NOTES TO AND FORMING PART OF THE BUDGET
FOR THE YEAR ENDED 30 JUNE 2017

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(l) Financial Instruments (Continued)

Impairment

A financial asset is deemed to be impaired if, and only if, there is objective evidence of impairment as a result of one or more events (a "loss event") having occurred, which has an impact on the estimated future cash flows of the financial asset(s).

In the case of available-for-sale financial assets, a significant or prolonged decline in the market value of the instrument is considered a loss event. Impairment losses are recognised in profit or loss immediately. Also, any cumulative decline in fair value previously recognised in other comprehensive income is reclassified to profit or loss at this point.

In the case of financial assets carried at amortised cost, loss events may include: indications that the debtors or a group of debtors are experiencing significant financial difficulty, default or delinquency in interest or principal payments; indications that they will enter bankruptcy or other financial reorganisation; and changes in arrears or economic conditions that correlate with defaults.

For financial assets carried at amortised cost (including loans and receivables), a separate allowance account is used to reduce the carrying amount of financial assets impaired by credit losses. After having taken all possible measures of recovery, if management establishes that the carrying amount cannot be recovered by any means, at that point the written-off amounts are charged to the allowance account or the carrying amount of impaired financial assets is reduced directly if no impairment amount was previously recognised in the allowance account.

Derecognition

Financial assets are derecognised where the contractual rights for receipt of cash flows expire or the asset is transferred to another party, whereby the City no longer has any significant continual involvement in the risks and benefits associated with the asset.

Financial liabilities are derecognised where the related obligations are discharged, cancelled or expired. The difference between the carrying amount of the financial liability extinguished or transferred to another party and the fair value of the consideration paid, including the transfer of non-cash assets or liabilities assumed, is recognised in profit or loss.

(m) Impairment of Assets

In accordance with Australian Accounting Standards the City assets, other than inventories, are assessed at each reporting date to determine whether there is any indication they may be impaired.

Where such an indication exists, an impairment test is carried out on the asset by comparing the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, to the asset's carrying amount.

Any excess of the asset's carrying amount over its recoverable amount is recognised immediately in profit or loss, unless the asset is carried at a revalued amount in accordance with another standard (e.g. AASB 116) whereby any impairment loss of a revaluation decrease in accordance with that other standard.

CITY OF KARRATHA
NOTES TO AND FORMING PART OF THE BUDGET
FOR THE YEAR ENDED 30 JUNE 2017

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(m) Impairment of Assets (Continued)

For non-cash generating assets such as roads, drains, public buildings and the like, value in use is represented by the depreciated replacement cost of the asset.

At the time of adopting this budget, it is not possible to estimate the amount of impairment losses (if any) as at 30 June 2017.

In any event, an impairment loss is a non-cash transaction and consequently, has no impact on this budget document.

(n) Trade and Other Payables

Trade and other payables represent liabilities for goods and services provided to the City prior to the end of the financial year that are unpaid and arise when the City becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition.

(o) Employee Benefits

Short-Term Employee Benefits

Provision is made for the City's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The City's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the statement of financial position. The City's obligations for employees' annual leave and long service leave entitlements are recognised as provisions in the statement of financial position.

Other Long-Term Employee Benefits

Provision is made for employees' long service leave and annual leave entitlements not expected to be settled wholly within 12 months after the end of the annual reporting period in which the employees render the related service. Other long-term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations or service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur.

The City's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the City does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

CITY OF KARRATHA
NOTES TO AND FORMING PART OF THE BUDGET
FOR THE YEAR ENDED 30 JUNE 2017

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(p) Borrowing Costs

Borrowing costs are recognised as an expense when incurred except where they are directly attributable to the acquisition, construction or production of a qualifying asset. Where this is the case, they are capitalised as part of the cost of the particular asset until such time as the asset is substantially ready for its intended use or sale.

(q) Provisions

Provisions are recognised when the City has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

(r) Leases

Leases of fixed assets where substantially all the risks and benefits incidental to the ownership of the asset, but not legal ownership, are transferred to the City, are classified as finance leases.

Finance leases are capitalised recording an asset and a liability at the lower amounts equal to the fair value of the leased property or the present value of the minimum lease payments, including any guaranteed residual values. Lease payments are allocated between the reduction of the lease liability and the lease interest expense for the period.

Leased assets are depreciated on a straight line basis over the shorter of their estimated useful lives or the lease term.

Lease payments for operating leases, where substantially all the risks and benefits remain with the lessor, are charged as expenses in the periods in which they are incurred.

Lease incentives under operating leases are recognised as a liability and amortised on a straight line basis over the life of the lease term.

(s) Interests in Joint Arrangements

Joint arrangements represent the contractual sharing of control between parties in a business venture where unanimous decisions about relevant activities are required.

Separate joint venture entities providing joint venturers with an interest to net assets are classified as a joint venture and accounted for using the equity method. Refer to note 1(o) for a description of the equity method of accounting.

Joint venture operations represent arrangements whereby joint operators maintain direct interests in each asset and exposure to each liability of the arrangement. The City's interests in the assets, liabilities, revenue and expenses of joint operations are included in the respective line items of the financial statements. Information about the joint ventures is set out in Note 18.

CITY OF KARRATHA
NOTES TO AND FORMING PART OF THE BUDGET
FOR THE YEAR ENDED 30 JUNE 2017

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(t) Current and Non-Current Classification

In the determination of whether an asset or liability is current or non-current, consideration is given to the time when each asset or liability is expected to be settled. The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the City's operational cycle. In the case of liabilities where the City does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current even if not expected to be realised in the next 12 months except for land held for sale where it is held as non-current based on the City's intentions to release for sale.

(u) Comparative Figures

Where required, comparative figures have been adjusted to conform with changes in presentation for the current budget year.

(v) Budget Comparative Figures

Unless otherwise stated, the budget comparative figures shown in this budget document relate to the original budget estimate for the relevant item of disclosure.

NOTES TO AND FORMING PART OF THE BUDGET
FOR THE YEAR ENDED 30 JUNE 2017**

2. REVENUES AND EXPENSES (Continued)

(b) Statement of Objective

In order to discharge its responsibilities to the community, Council has developed a set of operational and financial objectives. These objectives have been established both on an overall basis, reflected by the Shire's Community Vision, and for each of its broad activities/programs.

COMMUNITY VISION

The City is dedicated to providing high quality services to the community through the various service orientated programs which it has established.

City operations as disclosed in these financial statements encompass the following service orientated activities/programs.

GOVERNANCE

Functions relating to the Councillors and the running of Council. Expenditure includes the running of elections, payments of expenses to Councillors and non statutory donations.

GENERAL PURPOSE FUNDING

Rating (including ex-gratia contributions), interest revenues and general purpose Government grant functions. Includes the Financial Assistance Grant received from the Local Government Grants Commission and all other rate income.

LAW, ORDER, PUBLIC SAFETY

Supervision of various by-laws, fire and emergency services, and animal control. Includes expenditure for the Ranger Services, State Emergency Service and disaster preparation and recovery expenses.

HEALTH

Food control, immunisation services, mosquito control and maintenance of child health centres. Expenditure includes the maintenance of the child health clinic buildings, various health promotions and pest control expenses mainly relating to mosquito control.

EDUCATION AND WELFARE

Maintain preschool facilities and day care centres. This includes expenditure in maintaining the day care centre buildings and also donations to schools for awards etc.

HOUSING

Maintenance and operational expenses associated with the provision of staff housing.

COMMUNITY AMENITIES

Rubbish collection services, operation of tip, administration of town planning schemes and operation of cemeteries. Also included are the costs associated with the maintaining and cleaning of public toilets.

RECREATION AND CULTURE

Maintenance of halls, swimming pool, recreation centres, various reserves and operation of libraries. Expenditure includes the cost of the Karratha Leisureplex and other pavilions, ovals and parks maintenance, Roebourne Swimming Pool, coastal rehabilitation, and four libraries. Expenses relating to the historical town of Cossack, the Moonrise Cinema and JJJ radio re-broadcasting are also included in this function.

**CITY OF KARRATHA
NOTES TO AND FORMING PART OF THE BUDGET
FOR THE YEAR ENDED 30 JUNE 2017**

2. REVENUES AND EXPENSES (Continued)

(b) Statement of Objective (Continued)

TRANSPORT

Construction and maintenance of roads, drainage, footpaths, parking facilities, traffic signs and the aerodrome. It includes expenditure for the construction and maintenance of the roads, footpaths and also the expenditure relating to parking control and the operation of the Karratha & Roebourne Airport.

ECONOMIC SERVICES

Tourism and administration of building controls. Expenditure includes Councils contributions to the Karratha and Roebourne Visitor Centres and the Pilbara Tourism Association, and the costs associated with building control.

OTHER PROPERTY & SERVICES

Private works and other unclassified works. It also includes expenditure relating to plant operations and the Technical Services division however these costs are then reallocated to the other functions. The costs associated with financing and administration are allocated direct to the relevant functions.

CITY OF KARRATHA
NOTES TO AND FORMING PART OF THE BUDGET
FOR THE YEAR ENDED 30 JUNE 2017

3. NOTES TO THE STATEMENT OF CASH FLOWS

(a) Reconciliation of Cash

For the purposes of the statement of cash flows, cash includes cash and cash equivalents, net of outstanding bank overdrafts. Estimated cash at the end of the reporting period is as follows:

	2016/17 Budget \$	2015/16 Actual \$	2015/16 Budget \$
Cash - unrestricted	5,284,679	2,315,384	7,473,769
Cash - restricted	106,077,619	98,907,770	95,832,557
	<u>111,362,298</u>	<u>101,223,154</u>	<u>103,306,326</u>

The following restrictions have been imposed by regulation or other externally imposed requirements:

Employee Entitlement Reserve	5,488,058	5,328,074	4,719,483
Aerodrome Reserve	1,324,476	2,740,639	5,075,915
Dampier Drainage Reserve	46,823	36,823	20,000
Walkington Theatre Reserve	31,148	30,236	30,352
Plant Replacement Reserve	2,098,211	2,464,583	3,048,254
Workers Compensation Reserve	579,937	563,005	750,000

OBJECTS AND REASONS FOR PROPOSED DIFFERENTIAL RATES FOR THE YEAR ENDING 30 JUNE 2017

In accordance with Section 6.36 of the *Local Government Act 1995*, the City of Karratha is required to publish its Objects and Reasons for implementing Differential Rates.

OVERALL OBJECTIVE

The purpose of the levying of rates is to meet Council's budget requirements in each financial year in order to deliver services and community infrastructure.

Property valuations provided by the Valuer General are used as the basis for the calculation of rates each year. Section 6.33 of the *Local Government Act 1995* provides the ability to differentially rate properties based on zoning and/or land use as determined by the City of Karratha. The application of differential rating maintains equity in the rating of properties across the City.

Council has considered the Key Values contained within the Rating Policy Differential Rates (s.6.33) March 2016 released by the Department of Local Government and Communities, being:

- Objectivity
- Fairness and Equity
- Consistency
- Transparency and administrative efficiency

A copy of the policy can be obtained from <https://www.dlqc.wa.gov.au/Publications/Pages/Rating-Policy-Differential-Rates.aspx>.

Council has determined its required rates yield after reviewing all revenue sources, expenditure and efficiency measures as part of its budget deliberations.

The Rate in the Dollar applied to the valuations to determine property rates has been increased to reflect Council's objective of raising a total of \$41.9 million in rates based on a predominant increase in the rate for individual properties of 1.70% apart from UV Strategic Industry (rate in the dollar increase of 12.51%) and Transient Workforce Accommodation/Workforce Accommodation (rate in the dollar increase of 48.50%). This will ensure an equitable distribution of the required rates yield from one year to the next consistent with Council's approach in previous years.

The rate yield of \$41.9 million is in line with the revenue requirements of Council's Long Term Financial Plan (LTFP) of \$42.8 million for the 2016/17 financial year and provides for Capital Works and Programs which includes:

- Commencement of the Karratha Arts and Community Precinct
- Tambrey Pavilion construction
- Road reseal/Gravel re-sheeting program
- Continuation of Footpath/Cycleway/Lighting initiatives
- Playground renewal program

Council has reviewed its expenditure and considered efficiency measures as part of its budget deliberations. In particular, to improve efficiency and reduce expenditure Council has:

- negotiated a new Enterprise Agreement;
- reviewed the need for and remuneration of each position as vacancies arise;
- reduced the number of houses leased for staff housing;
- outsourced cleaning services for major facilities;
- commenced providing regulatory services to other local governments on a fee for service basis;
- deferred capital expenditure on plant;
- installed energy efficient fixtures and equipment;
- implemented Vendor Marketplace (eQuotes) for procurement below the tender threshold;
- disposed of under-utilised light fleet and plant;
- negotiated reduced pricing for bulk fuel purchases;
- insourced road shoulder grading;
- commenced review of options for insurance renewals;
- brought forward tender for renewal of panel contracts;
- implemented replacement/upgrade of effluent reuse system;
- deferred replacement of IT hardware; and
- negotiated the introduction of State funded Transkarratha public transport services.

Table 1 represents the total 2016/17 rates to be levied by land use / zoning.

Table 1: Indicative Percentage Rates Contribution by Land Use / Zoning

The 2016/17 Rating Year utilises the most recent general revaluation effective 1 July 2015, with valuations assessed as at August 2014 by the Valuer General's office.

DIFFERENTIAL GENERAL RATES THAT DIFFER FROM THOSE ADVERTISED

As part of its Annual Budget process, Council considered the differential rates model for the 2016/17 financial year at its Ordinary Council Meeting held 18 April 2016. Council resolved to advertise the differential rates model that included a rate in the dollar of more than twice the lowest rate in the dollar. The advertised rate represented a 1.7% increase in the rate in the dollar for all categories apart from UV Strategic Industry (rate in the dollar increase of 29.73%) and Transient Workforce Accommodation/Workforce Accommodation (rate in the dollar increase of 35.35%).

On 30 May 2016, Council considered submissions regarding the 2016/17 differential rates model adopted for advertising by Council at the 18 April 2016 Ordinary Council Meeting. Following the review of submissions Council resolved to apply for Ministerial approval for the proposed differential rates model.

Subsequent to the advertising of the differential rates model, Council was advised of further decreases in valuation in the Transient Workforce Accommodation/Workforce Accommodation differential rating category. These decreases have necessitated an increase in the rate in the dollar in order to maintain the desired 1.7% increase in rate yield.

Following discussions with the Department of Local Government and Communities, Council resolved at the 20 June 2016 Ordinary Council Meeting to amend its application and seek Ministerial approval of the higher Transient Workforce Accommodation/Workforce Accommodation differential rate. Council further resolved to apply a concession to ratepayers in the category to cap their year on year rates increase to 20%, subject to the following:

- a) The effect of any increase in valuation will be excluded from the calculation of the concession; and
- b) The concession will not apply to the extent that the increase in rates has been offset by any reduction in valuation.

Council has also been advised of valuation increases in the UV Strategic Industry differential rating category subsequent to advertising the differential rates model and this has allowed a lower rate in the dollar to be adopted to achieve the same rate yield.

A reduction in the number of properties on the UV Mining Tenement valuation roll has also resulted in the minimum rate for UV properties being reduced to ensure compliance with the legislative requirement that not more than 50% of properties rated on UV are levied the minimum rate.

The information below shows both the advertised rate and the rate proposed for adoption in the 2016/17 Council budget.

GROSS RENTAL VALUE PROPERTIES (GRV)

The *Local Government Act 1995* determines that properties of a non-rural purpose be rated using the Gross Rental Valuation (GRV) as the basis for the calculation of annual rates.

The Valuer General determines the GRV for all properties within the City of Karratha every three years and assigns a GRV. The most recent general revaluation was effective from 1 July 2015.

Interim valuations are provided monthly to Council by the Valuer General for properties where changes have occurred (i.e. subdivisions or strata title of property, amalgamations, building constructions, demolition, additions and/or property rezoning). In such instances Council recalculates the rates for the affected properties and issues interim rates notices.

Table 2 below summarises the proposed 2016/17 minimum payments and rates in the dollar for GRV:

**Table 2: Proposed differential rates for 2016/17 financial year (GRV)
Including average rate per assessment**

Differential Rates 2016/17				
Category	Advertised Minimum Payment	Advertised Rate in the Dollar	Proposed Minimum Payment	Proposed Rate in the Dollar
Gross Rental Value				
Residential	\$1,475	0.065211	\$1,475	0.065211
Commercial / Tourism / Town Centre	\$1,475	0.074517	\$1,475	0.074517
Industry / Mixed Business	\$1,475	0.057244	\$1,475	0.057244
Airport / GRV (Strategic Industry)	\$1,475	0.128666	\$1,475	0.128666
Transient Workforce Accommodation / Workforce Accommodation	\$1,475	0.293013	\$1,475	0.321484

Residential – means any land:

- that is predominantly used for residential purposes;
- or**
- which is vacant of any construction, and is zoned as residential under the City's Planning Scheme.

The reason for the rate in the dollar for this category is to reflect the level of rating required to raise the necessary revenue to operate efficiently and provide the diverse range of services and programs and associated infrastructure/facilities required for developed residential and urban areas.

Council is focussed on sustainably managing its community and infrastructure assets through the funding of renewal and replacement asset programs. These programs include but are not limited to investment in the resealing of roads, replacement and development of footpath networks, refurbishing of public ablutions and other building maintenance programs.

The rate for this category maintains an increase to the average rate for residential properties of 1.70% with a rate in the dollar increase of 1.70% for the 2016/17 financial year. The minimum rate of \$1,475 is to ensure that all ratepayers make a reasonable contribution for basic services and infrastructure.

Commercial / Tourism / Town Centre – means any land:

- that is predominately used for either:
 - commercial purposes;
 - tourism purposes;
 - a combination of commercial and tourism purposes;
- or**
- which is vacant of any construction, and is zoned as Commercial, Tourism or Town Centre under the City's Planning Scheme.
- or**
- that does not have the characteristics of any other GRV differential rate category.

The reason for the rate in the dollar for this category is to recognise a greater share of costs associated with economic development, tourism and marketing, parking, environmental health and CBD infrastructure and amenity.

Council is focussed on sustainably managing its community and infrastructure assets through the funding of renewal and replacement asset programs. These programs include but are not limited to investment in the resealing of roads, replacement and development of footpath as well as significant investment in major projects for the CBD such as the Karratha Arts and Community Precinct.

The rate for this category maintains a decrease to the average rate for Commercial/Tourism/Town Centre properties of 0.12% with a rate in the dollar increase of 1.70% for the 2016/17 financial year. The minimum rate of \$1,475 is to ensure that all ratepayers make a reasonable contribution for basic services and infrastructure.

Industry / Mixed Business – means any land:

- that is predominately used for either:
 - industrial purposes;
 - a combination of industrial and commercial purposes.
- or**
- which is vacant of any construction, and is zoned as Industrial or Mixed Business under the City's Planning Scheme.

The reason for the rate in the dollar for this category is to recognise a greater share of costs associated with economic development, LIA infrastructure, environmental health and regulatory services.

Council is focussed on sustainably managing its community and infrastructure assets through the funding of renewal and replacement asset programs. These programs include investment in the resealing/reconstruction of major distributor roads within the LIA such as Coolawanyah Road. In addition these properties have access to all other services and facilities provided by Council.

While the rate in the dollar, the average contribution is higher than the Commercial/Tourism/Town Centre category in recognition of these initiatives.

The rate for this category maintains an increase to the average rate for Industrial properties of 2.30% with a rate in the dollar increase of 1.70% for the 2016/17 financial year. The minimum rate of \$1,475 is to ensure that all ratepayers make a reasonable contribution for basic services and infrastructure.

Airport / Strategic Industry – means any land:

- which is located within Karratha Airport (Reserve #30948);
- or**
- that is predominately used for the purpose of resource processing.

The reasons for the category are to recognise a greater share of costs associated with economic development, tourism and marketing, parking, and transport infrastructure associated with heavy plant and equipment.

The rate in the dollar for Airport / Strategic Industry is proposed to be one point nine seven times (x1.97) the Residential rate category which equates to two point two five times (x2.25) the lowest GRV rate in the dollar being Industry / Mixed Business.

In order to ensure that Council can maintain and sustain these infrastructure assets and services, a higher differential rate is proposed to be struck.

Strategic Industry – properties with a land use of Strategic Industry have State or Regional significance which utilise a proportionately high level of infrastructure assets due to heavy haulage vehicle movements. In addition they also impact on the provision of environmental and strategic planning services as well as access to all other services and facilities provided by Council.

Airport - properties located in the Karratha Airport Precinct (second busiest airport in Western Australia) receive direct benefit from significant Airport Infrastructure and services more so than any other ratepayer. In addition these properties have access to all other services and facilities provided by Council.

Karratha Airport is a strategic asset of Council and the services afforded to Airport properties are of significant benefit. Operating costs of circa \$9.75m (excludes recoverable costs) for 2015/16 were incurred with similar operating costs (plus associated CPI and Utility increases) anticipated for 2016/17.

Council' significant terminal redevelopment project was completed in 2015/16 which provides a higher amenity and service to airport properties. Significant additional infrastructure development is scheduled for 2016/17 and beyond to continue to improve amenity and infrastructure in and around the Airport precinct.

The rate for this category maintains an increase to the average rate for properties of 1.70% for the 2016/17 financial year. The minimum rate of \$1,475 is to ensure that all ratepayers make a reasonable contribution for basic services and infrastructure.

Transient Workforce Accommodation / Workforce Accommodation – means any land:

- that is predominately used for the purpose of workforce accommodation;
- or
- that is predominately used for the purpose of transient workforce accommodation;
- or
- that has been zoned as Transient Workforce.

The rate in the dollar for the Transient Workforce Accommodation / Workforce Accommodation category is proposed to be four point nine three times (x4.93) the Residential rate category which equates to five point six two times (x5.62) the lowest GRV rate in the dollar being Industry / Mixed Business. A significant reduction in the overall valuation of this category, comprising disparate movements in individual property valuations, has necessitated an increase in the rate in the dollar of 48.50%.

Council has provided a concession for eligible properties to limit the increase in rates on any property comparative to 2015/16 to a maximum of 20%, subject to the following:

- a) The effect of any increase in valuation will be excluded from the calculation of the concession;
- and
- b) The concession will not apply to the extent that the increase in rates has been offset by any reduction in valuation.

After these concessions are applied, the rate yield for this category will be an effective decrease of 6.99% from 2015/16.

This differential rate maintains a proportional share of rating required to raise the necessary revenue to operate efficiently and provide the diverse range of services and programs and associated infrastructure/facilities required for developed residential and urban areas. These services, programs and facilities are available to FIFO workers in the same manner as they are available to all other residents of the City and the contribution from this category has been set at a level that reflects this fact.

Council is focussed on sustainably managing its community and infrastructure assets through the funding of renewal and replacement asset programs. These programs include but are not limited to investment in the resealing of roads, replacement and development of footpath networks, refurbishing

of public ablutions and other building maintenance programs. In addition these properties have access to all other services and facilities provided by Council.

The rates per TWA accommodation unit are less than the equivalent rate per residential accommodation unit and are significantly less than the minimum rate of \$1,475 for a single bedroom residence. Despite the lower rate per accommodation unit, TWA properties have the potential to have a greater impact on Council services/assets than other properties due to their number of occupants in a relatively small land parcel (i.e. concentrated coach/vehicle movements on local roads). In order to appropriately maintain and manage Councils asset and infrastructure in the longer term, a higher differential rate is proposed for this category to reflect the greater potential and actual intensity of use of Council assets and infrastructure.

The rate for this category supports Council's preferred option that the operational workforce associated with resource interests be housed in normal residential properties within the town boundaries.

The minimum rate of \$1,475 is to ensure that all ratepayers make a reasonable contribution for basic services and infrastructure.

UNIMPROVED VALUE PROPERTIES (UV)

Properties that are predominantly of a rural purpose are assigned an Unimproved Value that is supplied and updated by the Valuer General on an annual basis.

Table 3 below summarises the proposed 2016/17 minimum payments and rates in the dollar for Unimproved Values:

**Table 3: Proposed differential rates for 2016/17 financial year (UV)
Including average rate per assessment**

Differential Rates 2016/17				
Category	Advertised Minimum Payment	Advertised Rate in the Dollar	Proposed Minimum Payment	Proposed Rate in the Dollar
Unimproved Value				
Pastoral	\$378	0.098627	\$340	0.098627
Mining/Other	\$378	0.136288	\$340	0.136288
Strategic Industry	\$378	0.197253	\$340	0.171072

Pastoral – means any land:

- that currently has a pastoral lease granted;
- and**
- that is used predominantly for the purpose of grazing (including agistment), dairying, pig-farming, poultry farming, fish farming, tree farming, bee-keeping, viticulture, horticulture, fruit growing or the growing of crops of any kind or for any combination of these activities.

This rating category reflects the level of rating required to raise the necessary revenue to operate efficiently and provide for rural infrastructure and services in addition to the urban services, programs and infrastructure which are available to be accessed by the properties in this category.

The rate for this category maintains an increase to the average rate for Pastoral Stations of 1.70% for the 2016/17 financial year. The UV minimum rate of \$340 is to ensure that all ratepayers make a reasonable contribution for basic services and infrastructure.

Mining/Other – means any land:

- that a mining, exploration, prospecting or retention lease and/or license has been granted;
- or**
- that does not have the characteristics of any other UV differential rate category.

The reasons for this category is to reflect the impact on utilisation of rural infrastructure (comparative to Pastoral) by heavy transport and associated higher traffic volumes. In addition these properties have access to all other services and facilities provided by Council.

The rate for this category provides a decrease to the average rate for Mining/Other properties of 26.18% for the 2016/17 financial year. The decrease relates to an overall decrease in valuation in the category

and a reduced Minimum Rate for UV properties to maintain less than 50 per cent of properties on the minimum rate as required by legislation.

The UV minimum rate of \$340 is to ensure that all ratepayers make a reasonable contribution for basic services and infrastructure.

Strategic Industry – means any land:

- that is predominately used for industrial purposes;
or
- that is predominately used for the purpose of resource processing;
or
- that is predominately used for the purpose of supporting a transient workforce.

The reasons for this category are to reflect the impact on utilisation of urban and rural infrastructure (comparative to Pastoral) by heavy transport and associated higher traffic volumes by operations associated with State Agreements and/or significant resource sector operations. In addition these properties have access to all other services and facilities provided by Council.

Properties with a land use of Strategic Industry have State or Regional significance, many of which are subject to legacy State Agreement Acts that limit the method of valuation to UV with restrictive formulae for the calculation of the valuation. In order to levy a somewhat commensurate rate comparative with their impact on the local community (i.e. heavy haulage vehicle movements, environmental health, strategic planning) the rate in the dollar is set at one point seven three (x1.73) times the UV Pastoral rate.

The advertised rate for this category was intended to revert to two times (x2) the UV Pastoral rate in the dollar having been two point five times (x2.5) the UV Pastoral rate prior to the 2015/16 revaluation, meaning the effect of the revaluation for properties in this category would have been delayed by one year. As a result of valuation increases within the category, Council is able to stage this increase over a number of years.

The adopted rate for this category maintains the advertised rate yield however is based on a lower rate in the dollar due to the higher valuations. This results in an increase in the average rate for UV Strategic Industry properties of 39.64% for the 2016/17 financial year.

The UV minimum rate of \$340 is to ensure that all ratepayers make a minimum contribution for basic services and infrastructure.

NOTES TO AND FORMING PART OF THE BUDGET
FOR THE YEAR ENDED 30 JUNE 2017**

9. CASH BACKED RESERVES (Continued)

In accordance with council resolutions in relation to each reserve account, the purpose for which the reserves are set aside are as follows:

Purpose of the reserve

Employee Entitlement Reserve	To fund employee leave entitlements when on extended leave, including long service leave as well as periods of Annual Leave for periods greater than 4 weeks duration thereby retaining salary and wages budgets for the funding of replacement staffing during extended periods of leave.
Dampier Drainage Reserve	This reserve is maintained as part of an agreement between the Council and Hamersley Iron. The purpose of the reserve is to ensure funds are available for the maintenance of drainage in Dampier. Hamersley Iron pay to the Council each year a \$10,000 contribution towards this maintenance with any additional works required being drawn from this reserve and similarly, any funds remaining unspent being transferred to this reserve.
Walkington Theatre Reserve	The purpose of this reserve is to fund the operation and capital works of the Walkington Theatre.
Plant Replacement Reserve	The purposes of this reserve is to fund the capital purchase of plant and equipment.
Workers Compensation Reserve	The purpose of this reserve is to provide Council with sufficient funds to cover its potential liability in regard to the performance based workers compensation scheme of Local Government Insurance Services of which the City of Karratha is a member. Funds within the Reserve that become surplus to requirements will be transferred to Council's Employee Entitlements Reserve via way of Council's Annual Budget.
Waste Management Reserve	The purpose of this reserve is to fund development, operation and maintenance of the Council's Waste Management facilities inclusive of repayments of borrowings and the funding of employee entitlements.
Infrastructure Reserve	The purpose of this reserve is to allow for the use of these reserve funds for the enhancement, replacement, refurbishment and purchase of infrastructure assets or project works of the City of Karratha inclusive of the associated repayment of borrowings on infrastructure. Project works funded from this Reserve may not necessarily belong to the City of Karratha but must be carried out for the benefit of the City of Karratha.
Housing Reserve	The purpose of this reserve is to fund the maintenance, refurbishment, replacement and construction of staff housing inclusive of the purchase. This reserve is funded
Aged Persons Unit Reserve	The purpose of this reserve is to assist in the transfer of Seniors from the current senior's village on Welcome Road to the new village provisioned by the State Government. As this project has been finalised, the remainder of these fund was budgeted to be transferred to municipal funds in the 2015/16 year.
Mosquito Control Reserve	The purpose of this reserve is to fund mosquito control programmes inclusive of the purchase of replacement equipment as required.
Medical Services Assistance Package R	The purpose of this reserve is to fund future assistance to Medical Services in accordance with Council's participation in the Medical Services Incentive Scheme. This is
Community Development Reserve	The purpose of this reserve is to hold Annual Community Association Grant Scheme unspent payments each year and to fund future projects initiated by Community Associations from time to time via the Annual Community Association Grant Scheme.
Carry Forward Budget Reserve	This reserve is for the purpose of preserving projects funds carried over.
Restricted Funds Reserve	This reserve is for the purpose of holding Unexpended or prepaid Grants (other than Royalties for Regions) and Capital Contributions provided for specific purposes.
Partnership Reserve	This reserve is maintained as part of the Community Infrastructure and Services Partnership (the Partnership) and the related funding agreements between the Council and Rio Tinto Iron Ore. The purpose of the reserve is to preserve funds received under each funding agreement under the Partnership and restrict the funds for the purpose of each funding agreements.
Pilbara Underground Power Reserve	The purpose of this reserve is to secure the unspent portions pertaining to the City of Karratha's share of costs in relation to the Pilbara Underground Power Project.

**CITY OF KARRATHA
NOTES TO AND FORMING PART OF THE BUDGET
FOR THE YEAR ENDED 30 JUNE 2017**

10. SPECIFIED AREA RATE - 2016/17 FINANCIAL YEAR

No Specified Area Rates were raised in the 2015/16 Financial Year and no proposed Specified Area Rates are budgeted to be raised in 2016/17 Financial Year.

11. SERVICE CHARGES - 2016/17 FINANCIAL YEAR

No proposed Service Charges are budgeted to be raised in the 2016/17 Financial Year.

	Amount of Charge \$	2016/17 Budgeted Revenue \$	Budget Amount to be Applied to Costs \$	Budget Amount to be Set Aside to Reserve \$	Reserve Amount to be Applied to costs \$	2015/16 Actual Revenue \$
Service Charge						
High Voltage Service Charge (per kVa)	48.26	0	0	0	920,000	(4,729)
Low Voltage Service Charge (per kVa)	196.38	0	0	0	2,504,000	(36,919)
Connection Charge (per connection)	1,022.17	0	0	0	576,000	(7,155)
		0	0	0	4,000,000	(48,804)

The City of Karratha introduced a service charge for the 2014/15 financial year in relation to the Pilbara Underground Power Project.

Service charges paid prior to the end of the 2015/16 financial year will be transferred to the Pilbara Underground Power Reserve to fund expenditure over the remaining years of the project.

Service charge amounts remaining unpaid at the end of the 2015/16 financial year are unable to be transferred to the Pilbara Underground Power Reserve and therefore represent a restricted surplus amount.

Due to the restricted nature of the associated asset, this amount has been excluded from the calculation of net Current Asset Position.

Instalments

At a Special Council Meeting held on the 24 September 2014, Council resolved (Resolution No. 152961) to reduce the interest rate for payment of service charges by instalments from 5.5% to 4.5%. Council also resolved to offer non-residential properties (excluding those owned by Government organisations) with a power capacity of greater than 10kVa and less than 200 kVa the option of payment by 40 instalments over ten years rather than 16 instalments over four years.

The dates of these instalment options are as per Rates Instalment dates included in Note 13.

**CITY OF KARRATHA
NOTES TO AND FORMING PART OF THE BUDGET
FOR THE YEAR ENDED 30 JUNE 2017**

11. SERVICE CHARGES - 2016/17 FINANCIAL YEAR (Continued)

It is anticipated that a significant portion of Service charge amounts remaining unpaid at the end of the 2015/16 financial year (\$3,902,927) will be received in the 2016/17 financial year. This amount will be transferred to the Pilbara Underground Power Reserve to fund expenditure over the remaining years of the project as described above.

The impact of this amount can be seen in the calculation of the Estimated Restricted Surplus/ (Deficit) June 30 C/Fwd amount in the Rate Setting Statement, balance of the Pilbara Underground Power Reserve (Note 9) as well as in the Statement of Cash Flow and associated notes 4 & 3(b).

12. INTEREST CHARGES AND INSTALMENTS - RATES AND SERVICE CHARGES - 2016/17 FINANCIAL YEAR

	Interest Rate %	Admin. Charge \$	2016/17 Budget Revenue \$	2015/16 Actual \$

NOTES TO AND FORMING PART OF THE BUDGET
FOR THE YEAR ENDED 30 JUNE 2017**

**13. PAYMENT DISCOUNTS, WAIVERS AND CONCESSIONS
- 2016/17 FINANCIAL YEAR**

Rates Concessions

Cossack Concessions: Owners of properties in the Cossack historical township, all of which are minimum rated, are granted a concession of \$1,425.00 to reduce their total rates payable to \$50.00. This concession is granted due to the heritage nature of properties in the Cossack historical township, which are not serviced by the City and have development restrictions in place. This concession will apply to 19 properties and the total cost to Council for this concession is \$27,075.

Transient Workforce Accommodation/Workforce Accommodation (TWA) concessions: Eligible facility operators in the TWA differential rating category are granted a concession to cap their year on year rates increase to 20%. Due to a number of valuation reductions within the category for 2016/17 the rate-in-the-dollar has increased significantly. For facility operators who have also experienced a decrease in the valuation of the property, this has offset the increase to the rate-in-the-dollar. Facility owners are eligible for the concession subject to the following:

- a) The effect of any increase in valuation will be excluded from the calculation of the concession; and
- b) The concession will not apply to the extent that the increase in rates has been offset by any reduction in valuation.

This concession will apply to 18 properties and the total cost to Council for this concession is \$513,808.

Rates Incentive Scheme

Ratepayers who pay their rates and rubbish collection charges in full (eligible pensioners are required to pay their portion of the rates and rubbish collection charges) by the due date (35 days from the date of issue) and who have no outstanding overdue Pilbara Underground Power Project service charges, will be in the running for the following prizes:

1st prize: \$2,000 cheque sponsored by Westpac

2nd prize: \$1,500 cheque sponsored by the City of Karratha.

3rd prize: Two nights in a double deluxe spa suite at Point Samson Resort and \$200 voucher to Ta Ta's Restaurant (valued at \$1,360)

4th prize: Overnight accommodation with breakfast for 2 adults and 1 child up to 12 years old in a Deluxe Eco Tent at Karijini Eco Retreat (valued at \$349)

5th prize: Two night weekend stay for 2 people including full buffet breakfast each morning at the Perth Ambassador Hotel in a new, refurbished Premium Deluxe Room (valued at \$560)

6th prize: \$500 cheque sponsored by the City of Karratha

7th prize: Two nights stay in a one bedroom spa apartment at Seashells Resort Broome (valued at \$470)

The total cost to Council is \$2,000

16. MAJOR LAND TRANSACTIONS

Karratha Lazylands

(a) Details

Council commenced in 2014/15 the development phase of a Major Land Transaction associated with the Lazy Lands initiative for future residential infill development within the Karratha townsite.

Five (5) Lots are under consideration being:

Site	Legal and general land description	Reserve Status	Lot Area
1	Lot 602 on Deposited Plan 70632 and wholly contained within Certificate of Crown Land Volume LR3161, Folio 550 Lot 602 Pelusey Way, Nickol	Parklands & Drainage	913m2
2	Lot 611 on Deposited Plan 70632 and wholly contained within Certificate of Crown Land Volume LR3161, Folio 551 Lot 611 Mayo Court, Nickol	Parklands & Drainage	2,389m2
3	Lot 612 on Deposited Plan 70632 and wholly contained within Certificate of Crown Land Volume LR3161 Lot 612 Boyd Close, Nickol	Parklands & Drainage	767m2
5	Lot 683 on Deposited Plan within Certificate of Crown Land Volume LR3161, Folio 575 683 Gregory Way, Bulgarra	Parkland, Recreation, Infrastructure	1.4ha
7	Lot 651 on Deposited Plan 71341 and wholly contained within Certificate of Crown Land Volume LR3161 L651 Hancock Way, Bulgarra	Parkland, Recreation, Drainage & Public Infrastructure	1.11ha

Sites 1 to 3 have been serviced in the 2015/16 financial year and sites 5 and 7 have been purchased from the State however Council currently has no intentions to develop any of the sites for sale due to the current market conditions.

On this basis the land held for development has been recognised as a non-current asset.
