**CHRIS ADAMS
CHIEF EXECUTIVE OFFICER**

No responsibility whatsoever is implied or accepted by the City of Karratha for any act, omission or statement or intimation occurring during Council or Committee Meetings. The City of Karratha disclaims any liability for any loss whatsoever and howsoever caused arising out of reliance by any person or legal entity on any such act, omission or statement or intimation occurring during Council or Committee Meetings.

Any person or legal entity who acts or fails to act in reliance upon any statement, act or omission made in a Council or Committee Meeting does so at that persons or legal entity's own risk.

In particular, and without derogating in any way from the broad disclaimer above, in any discussion regarding any planning application or application for a license, any statement or intimation of approval made by any member or Officer of the City of Karratha during the course of any meeting is not intended to be and is not taken as notice of approval from the City of Karratha.

The City of Karratha warns that anyone who has any application lodged with the City of Karratha must obtain and should only rely on

WRITTEN CONFIRMATION

of the outcome of the application, and any conditions attaching to the decision made by the City of Karratha in respect of the application.

Signed: 
Chris Adams - Chief Executive Officer

DECLARATION OF INTERESTS (NOTES FOR YOUR GUIDANCE) (updated 13 March 2000)

A member who has a **Financial Interest** in any matter to be discussed at a Council or Committee Meeting, which will be attended by the member, must disclose the nature of the interest:

- (a) In a written notice given to the Chief Executive Officer before the Meeting or;
- (b) At the Meeting, immediately before the matter is discussed.

A member, who makes a disclosure in respect to an interest, must not:

- (c) Preside at the part of the Meeting, relating to the matter or;
- (d) Participate in, or be present during any discussion or decision-making procedure relative to the matter, unless to the extent that the disclosing member is allowed to do so under Section 5.68 or Section 5.69 of the *Local Government Act 1995*.

NOTES ON FINANCIAL INTEREST (FOR YOUR GUIDANCE)

The following notes are a basic guide for Councillors when they are considering whether they have a **Financial Interest** in a matter. I intend to include these notes in each agenda for the time being so that Councillors may refresh their memory.

1. A Financial Interest requiring disclosure occurs when a Council decision might advantageously or detrimentally affect the Councillor or a person closely associated with the Councillor and is capable of being measure in money terms. There are exceptions in the *Local Government Act 1995* but they should not be relied on without advice, unless the situation is very clear.
2. If a Councillor is a member of an Association (which is a Body Corporate) with not less than 10 members i.e. sporting, social, religious etc), and the Councillor is not a holder of office of profit or a guarantor, and has not leased land to or from the club, i.e., if the Councillor is an ordinary member of the Association, the Councillor has a common and not a financial interest in any matter to that Association.
3. If an interest is shared in common with a significant number of electors or ratepayers, then the obligation to disclose that interest does not arise. Each case needs to be considered.
4. If in doubt declare.
5. As stated in (b) above, if written notice disclosing the interest has not been given to the Chief Executive Officer before the meeting, then it **MUST** be given when the matter arises in the Agenda, and immediately before the matter is discussed.
6. Ordinarily the disclosing Councillor must leave the meeting room before discussion commences. The **only** exceptions are:
 - 6.1 Where the Councillor discloses the **extent** of the interest, and Council carries a motion under s.5.68(1)(b)(ii) or the *Local Government Act*; or
 - 6.2 Where the Minister allows the Councillor to participate under s5.69 (3) of the *Local Government Act*, with or without conditions.

INTERESTS AFFECTING IMPARTIALITY

DEFINITION: *An interest that would give rise to a reasonable belief that the impartiality of the person having the interest would be adversely affected, but does not include an interest as referred to in Section 5.60 of the 'Act'.*

A member who has an **Interest Affecting Impartiality** in any matter to be discussed at a Council or Committee Meeting, which will be attended by the member, must disclose the nature of the interest;

- (a) in a written notice given to the Chief Executive Officer before the Meeting; or
- (b) at the Meeting, immediately before the matter is discussed.

IMPACT OF AN IMPARTIALITY CLOSURE

There are very different outcomes resulting from disclosing an interest affecting impartiality compared to that of a financial interest. With the declaration of a financial interest, an elected member leaves the room and does not vote.

With the declaration of this new type of interest, the elected member stays in the room, participates in the debate and votes. In effect then, following disclosure of an interest affecting impartiality, the member's involvement in the Meeting continues as if no interest existed.

PURPOSE

For Council to consider the review of the Terms of Reference (TOR) for all Advisory Groups of Council.

BACKGROUND

The City has six Advisory Groups that provide advice to Council on strategy and direction.

At the October 2021 Ordinary Council Meeting, Council requested the TOR for all Advisory Groups be reviewed to ensure the group's aims, objectives and key deliverables are current and to be presented to Council for consideration.

The following is a summary of the Advisory Groups:

Advisory Groups of Council	Comments
Airport Advisory Group (AAG) provides advice to Council on the strategic directions of operations at the Karratha Airport.	<ul style="list-style-type: none"> • Cr reps: Crs Long, Bailey, Bertling, Gillam and Harris
Arts Development & Events Advisory Group (ADEAG) provides input and feedback to Council in relation to the nature and range of programs, events, activities and infrastructure to optimise community capacity, exposure to and participate in all forms of arts and culture in the City.	<ul style="list-style-type: none"> • Cr reps: Crs Long, Furlong, Scott and Waterstrom Muller • Includes Community reps
Safer Communities Partnership (SCP) provides advice to Council on the development and implementation of a range	<ul style="list-style-type: none"> • Cr reps: Crs Nunn, Bertling, Furlong and Waterstrom Muller

Advisory Groups of Council	Comments
of preventative and responsive actions to create safe, healthy and liveable communities within the City.	
Waste Advisory Group provides advice to Council on the strategic directions of operations for Waste Services.	<ul style="list-style-type: none"> • Cr reps: Crs Long, Nunn, Bailey, Bertling, Gillam and Harris
Youth Advisory Group creates a mutually respectful partnership with young people in the City and provides a mechanism whereby young people's ideas, skills, perspectives and contributions are received by Council.	<ul style="list-style-type: none"> • Cr reps: Crs Nunn, Miller, Waterstrom Muller • Includes Community reps (young people).

The following is a summary of the proposed changes to the TOR for the Advisory Groups:

Advisory Groups of Council	Current	Proposed / Rationale
Airport Advisory Group (AAG)	2) Scope: Reference to 'Internal Stakeholders'	Changed to 'Officers', as this is a more accurate reference.
	6) Membership: 5 Elected Council Members	Included prefix 'Up to' 5 Elected Council Members to provide a capping that wasn't previously stipulated.
	8) Quorum: If a quorum is not met, the meeting 'will' be rescheduled	Changed to 'may' be rescheduled to provide more flexibility and will be depending on circumstances.
Arts Development & Events Advisory Group (ADEAG)	6) Membership Up to 3 Elected Council Members, Director Community Services, Manager Community Programs, Up to 12 community members and up to 3 co-opted members.	Up to 4 Elected Council Members. Arts Development & Events Coordinator or proxy; and If a member is unable to fulfil their role or is not able to attend 3 successive meetings without notification, the City reserves the right to secure a replacement member.
	7) Meetings Shall not generally exceed one (1) hour.	Duration to be between one (1) and two (2) hours as required. to achieve the agenda.
	8) Quorum A quorum represents a minimum of six members including at least one (1) Elected Council Member attending the meeting.	At least three (3) community members and at least one (1) Elected Council Member attending the meeting.
Environment & Sustainability Advisory Group (ESAG)	2) Purpose. Currently states ESAG is to provide advice to Council on environment and sustainability matters.	Expanded the purpose to include providing advice to Council regarding environment and sustainability performance of Council activities, projects and plans.

Advisory Groups of Council	Current	Proposed / Rationale
	<p>3) Objectives. Currently states the objective is to provide advice to Council on the Environmental Sustainability Strategy, including reference to: Appropriately managed natural assets; Greater energy efficiency; Improved recycling and waste management; and Sustainable use and management of resources.</p>	<p>Adjusted as the Environmental Sustainability Strategy (ESS) has been adopted by Council. The Objective is to provide advice on the implementation of the Strategy. The areas referred to have been changed to align with the Environmental Sustainability Strategy, which are: Energy and climate action; Waste; water; Natural environment; and Sustainable development, planning and infrastructure.</p>
	<p>6) Membership Currently lists Nominated Councillors; two Directors (Development Services and Strategic Projects and Infrastructure), three Managers (Planning Services, Infrastructure Service, and City Services); and Community Representatives.</p>	<p>Manager of Planning Services has been removed and replaced with the Manager of City Growth which reflects the organisational structure. The Manager of City Services has been removed given the Director of Strategic Projects and Infrastructure is a member and there is a Waste Advisory Group. The Manager of Liveability has been added, given synergies between departments. The Sustainability Officer has been added given the relevance to the group's purpose.</p>
	<p>7) Meetings. Currently states quarterly unless determined by the Chair.</p>	<p>Changed to periodically, as determined by the Chair. This allows the Advisory Group to be responsive to opportunities and issues as they arise rather than meeting routinely.</p>
Waste Advisory Group	<p>2) Scope: Reference to 'Internal Stakeholders'</p>	<p>Changed to 'Officers', as this is a more accurate reference.</p>
	<p>6) Membership: 5 Elected Council Members</p>	<p>Included prefix 'Up to' 5 Elected Council Members to provide a capping that wasn't previously stipulated.</p>
	<p>8) Quorum: If a quorum is not met, the meeting 'will' be rescheduled</p>	<p>Changed to 'may' be rescheduled to provide more flexibility and will be depending on circumstances.</p>

Advisory Groups of Council	Current	Proposed / Rationale
Youth Advisory Group	6) Membership: total number of youth members is 10 Age range of youth members specified as 11-25 years. Number of members from each age category specified	Total number of youth members increased to 12 Age range of youth members specified as 11-18 years. This change is also reflected in sections 6.1 and 6.2. Number of members from each age category removed and replaced with a preference to focus on the representation of youth members across all townships. Dot point added about the engagement of 18-25s
	6.1) Youth Membership: limited information about who conducts the selection process for youth membership and how membership is approved.	City Officers conduct youth membership selection process. and will recommend appoints for the CEO's approval.
	6.2) Term of Appointment: limited information relating to ongoing recruitment of members during the Term.	If a Youth membership position becomes vacant during the term of appointment, recruitment will occur in an effort to fill the vacancy.
	7) Meetings: shall not generally exceed 1 (1) hour.	Update to be meetings shall not generally exceed 90 minutes
	8) Quorum: specified as minimum six members including at least one Councillor	Specify quorum of six members needs to be majority Youth members

The Safer Communities Partnership (SCP) has been identified as a group of stakeholders who regularly meet across a number of other forums. Actions outlined in the SCP's Actions List have been adopted as business-as-usual tasks by members of the partnership which City Officer's deliver and report against under the new Liveability reporting framework.

The SCP has recently failed to meet quorum twice in the last few months and following recognition bi-monthly meetings have become a duplication of discussions held in other community working groups, it is recommended the Safer Communities Partnership Advisory Group is dissolved. All participating members of the advisory group were consulted and are supportive of the group's dissolution. Safety, Security and Policing is one of the City's 12 Pillars of Liveability which is annually measured, monitored and reported on to Stakeholders and should the need arise for a standalone meeting to discuss a specific safety concern, Officers are in the position to coordinate as required.

Additionally, the Walgu Development Reference Group is a new Group proposed to be established to discuss and inform the strategic direction of the Lot 7020 and portion of Lot 7018, Welcome Road Karratha development. The objectives of the Group are as outlined in the Terms of Reference.

9.2 THE QUARTER HOTEL

File No:	CP.182
Responsible Executive Officer:	Chief Executive Officer
Reporting Author:	Director Corporate Services
Date of Report:	6 December 2021
Applicant/Proponent:	Pacifica Developments Pty Ltd
Disclosure of Interest:	Nil
Attachment(s):	Nil

PURPOSE

For Council to consider the status of the Quarter Hotel development and proposed changes to the Conditions Precedent under the Memorandum of Understanding (MoU) executed with Pacifica Developments Pty Ltd (Pacifica).

BACKGROUND

At its September 2017 meeting, Council considered a report on a proposal to progress negotiations with Pacifica regarding the City potentially purchasing Lot 7078 Sharpe Avenue from DevelopmentWA for the purpose of a hotel development. At that meeting Council resolved (in part) to:

AUTHORISE the Chief Executive Officer to execute a non-binding Memorandum of Understanding with Pacifica Developments to progress negotiations regarding the hotel development at The Quarter;

Following the September 2017 Council meeting, the MoU was executed and DevelopmentWA conducted a Request for Proposals process that resulted in DevelopmentWA offering Pacifica and the City an Exclusive Working Period (EWP) of six months to finalise a Hotel Development Agreement.

The EWP required that the City enter into a Major Land Transaction involving:

- acquisition from LandCorp of Freehold Lot 7078 on Deposited Plan 401615 being the whole of the land in Certificate of Title Volume 2831 Folio 953 comprising The Quarter Hotel site;
- acquisition from LandCorp of Strata Lot 47 on Strata Plan 67914 within Lot 7079 on Deposited Plan 401615 comprising 101 car bays; and
- leasing part of the land to Pacifica Developments Pty Ltd for the purpose of developing and operating a 100 room four-star hotel.

Following advertising of a Major Land Transaction Business Plan in May 2018, Council considered public submissions at its meeting on 13 September 2018 and resolved to execute the contract of sale for acquisition of the land from DevelopmentWA and to execute a lease with Pacifica for the purpose of developing and operating a hotel.

Since that time, Pacifica has encountered significant difficulties in bringing the project to reality, including supply of labour and materials, COVID restrictions and escalating build costs. These issues are consistent across the building and construction industry in Karratha and more broadly across WA and throughout Australia.

Despite these issues, Pacifica has advised that it remains committed to the project and focused on resolving the last remaining obstacle - the building cost escalation that is currently affecting the Pilbara. Pacifica has advised that it has a new capital partner that will allow it to retain the construction, development, and market risk entirely within group companies. On this basis, Pacifica has proposed the following commitments:

- Amend the building permit to Pacifica's capital partner's construction company; and
- Pay the building permit fee by 31 January 2022; and
- Set up the new development Special Purpose Entity (SPE); and
- Sign the development lease (with its performance obligations) by 28 February 2022 (with the intent to commence construction by July 2022).

Section 3 of that MoU between the City and Pacifica identifies six Conditions Precedent that need to be met in order for the proposed commercial transaction between the parties to progress. Three of these are City responsibilities/actions, two are Pacifica responsibilities/actions and one is a joint responsibility of the parties (the execution of the proposed lease). At this stage the City has fulfilled all of its Conditions Precedent requirements and Pacifica has fulfilled one of its two Conditions Precedent requirements (obtaining a Development Approval) but has yet to meet the Conditions Precedent requirement of obtaining a building permit for the development. The Conditions Precedent referring to signing of the lease is also yet to be completed.

Clause 3.3 of the MoU states:

- 1) If the Conditions Precedent will be not be satisfied by the Conditions Precedent Satisfaction Date (30 June 2018), then the parties will meet as soon as reasonably practicable prior to the expiration of such time limit to consider agreeing on a new date for satisfying any remaining Conditions Precedent.
- 2) If the Conditions Precedent are not satisfied by the Conditions Precedent Satisfaction Date or within any agreed extended time period, then either party may terminate this Memorandum by giving at least 14 days written notice to the other party.

While the original Conditions Precedent satisfaction date of 30 June 2018 has not been met, Pacifica and the City have been meeting regularly and discussing various issues and proposed timeframes to progress the project. While these discussions have taken place and various new schedules/timeframes have been proposed, there has not been formal review/reference to the Conditions Precedent Satisfaction Date and no new Conditions Precedent Satisfaction Dates have been formally agreed upon by the parties.

Given the extended time period since the signing of the MoU and the commitments proposed by Pacifica, the following modifications to the Conditions Precedent have been proposed:

- 3.1 e) Pacifica submit, including payment of fees, a Building Permit application for the development by 31 January 2022;
- 3.1 f) Execution of the lease and development agreement by the parties by 28 February 2022; and
- 3.1 g) Commencement of the on-site construction of the development by 1 July 2022 (NEW).

If these Conditions Precedent are not satisfied, then either party may terminate the MoU in accordance with clause 3.3.

LEVEL OF SIGNIFICANCE

In accordance with Council Policy CG-8 Significant Decision Making Policy, this matter is considered to be of high significance in terms of economic and liveability issues.

Although it is unusual for a local government to be involved in a property development of this nature, it is consistent with Council's Strategic and long term land use plans. In addition to job creation, the development of a 4-star hotel is seen as potentially filling a gap in the current supply of high end accommodation targeted at existing business travellers, increased tourism and the conference market successfully being pursued by the City as part of the operation of the Red Earth Arts Precinct.

STATUTORY IMPLICATIONS

Section 3.59 of the *Local Government Act 1995* provides for Major Land Transactions.

COUNCILLOR/OFFICER CONSULTATION

Regular updates have been provided at Councillor Briefing Sessions since 2018, including most recently involving a presentation by Pacifica at the November 2021 Briefing.

COMMUNITY CONSULTATION

49 written submissions were received in response to the advertising of the Major Land Transaction Business Plan. These were considered by Council at its September 2018 meeting.

POLICY IMPLICATIONS

There are no policy implications.

FINANCIAL IMPLICATIONS

The proposed transaction involves investment of \$10m of City Reserve Funds generated predominantly from commercial operations at the Airport. This amount is included in the City's Long Term Financial Plan.

The City's fit out contribution would be recovered through lease payments over the term of the lease based on a 3.5% yield. If the lease runs for 20 years, the City would recover approximately \$16.5m in rent and receive approximately \$5.8m in rates over the term of the lease. If the lease runs the full 30 year term, the City would recover approximately \$20m in rent and receive approximately \$8.8m in rates.

STRATEGIC IMPLICATIONS

This item is relevant to the Council's approved Strategic Community Plan 2020-2030 and the Corporate Business Plan 2020-2025. In particular, the Operational Plan 2021-2022 provided for this activity:

Programs/Services:	2.c.1.2	Land development and management
Projects/Actions:	2.c.1.2.20.6	Facilitate the use of the City Centre land for the Quarter Hotel

The City has the potential to gain from this project via:

- Further progressing the delivery of the City's Vision to be *Australia's Most Liveable Regional City*;
- Increasing quality short stay accommodation providing an accommodation product that is not currently available within the district;
- Supporting economic development and in particular tourism;
- Further activating the city centre and supporting nearby food and beverage businesses;
- Assisting in attracting major events to the Red Earth Arts Precinct;

- Anticipated marketing spend on the Hotel and the City of \$26.3m over 30 years;
- Creation of 50+ employment opportunities during construction;
- Creation of approximately 40-50 full and part time local hospitality jobs as part of the hotel operations;
- Potential for indigenous engagement in the Hotel, including support for indigenous hospitality training, promoting indigenous tourism and showcasing local indigenous art;
- Ability to retain the popular grassed area on Sharpe Avenue for civic purposes; and
- Financial returns in the form of:
 - Generating a financial yield from a property investment that exceeds current bank interest available; and
 - Additional rates revenue from the development.

RISK MANAGEMENT CONSIDERATIONS

A risk analysis for the proposal is detailed in section 9 of the Business Plan. The analysis was undertaken using a risk matrix approach. A total of seven (7) potential risks were identified with three (3) rated as low risk, three (3) rated as moderate risk and one (1) rated high. No extreme risks were identified. Mitigation strategies for all identified risks are listed.

In addition, independent legal advice was obtained from Herbert Smith Freehills regarding the key risks, mitigation strategies and residual risk. This advice identifies thirteen (13) risks from the construction phase to the operations and maintenance phase of the project. The advice confirms that the residual risk of each risk is low with the implementation of the proposed mitigation strategies.

IMPACT ON CAPACITY

There is no impact on capacity or resourcing to carry out the Officer's recommendation.

RELEVANT PRECEDENTS

The purchase of The Quarter HQ was the City's most recent Major Land Transaction. Based on the current occupancy rate of 90%, The Quarter HQ is returning approximately 10% (\$2m per annum) above term deposit rates.

There are also several recent examples of public private partnerships, including:

- Airport hangar (\$1.9m);
- Qantas lounge (\$0.5m);
- LS Retail airport fit out (\$0.25m); and
- Dampier Shopping Centre redevelopment (\$4.1m).

VOTING REQUIREMENTS

Simple Majority.

OPTIONS:

Option 1

As per Officer's recommendation.

Option 2

That Council by SIMPLE Majority pursuant to Section 3.59 of the *Local Government Act 1995* RESOLVES to DEFER consideration of this matter pending further discussion.

Option 3

That Council by SIMPLE Majority pursuant to Section 3.59 of the *Local Government Act 1995* RESOLVES to:

1. TERMINATE the MoU by giving Pacifica 14 days written notice; and
2. REQUEST a further report regarding options for the development of the hotel site.

CONCLUSION

Pacifica has encountered significant difficulties in bringing the hotel development to reality, including supply of labour and materials, COVID restrictions and escalating build costs.

Although Pacifica and the City have been meeting regularly and discussing various issues and proposed timeframes to progress the project, there has not been formal review/reference to the MoU Conditions Precedent Satisfaction Date and no new Conditions Precedent satisfaction dates have been formally agreed upon by the parties. Given the time since the signing of the MoU and commitments proposed by Pacifica, modifications to the Conditions Precedent have been proposed and if these Conditions Precedent remain unsatisfied, then either party may terminate the MoU in accordance with clause 3.3 of the MoU.

PURPOSE

To provide a summary of Council's financial position for the period ending 31 October 2021.

BACKGROUND

The following table is a summary of the Financial Activity Statement Report compared to the Budget as at 31 October 2021:

2021/22	Original Budget	Amended Budget	Year to Date Budget	Year To Date Actual	YTD Variance	Variance %	Impact on Surplus
Operating Revenue (incl. Rates)	117,030,278	117,230,278	69,922,860	69,924,775	1,915	0.0%	⬆️

Surplus/(Deficit) 21/22	4,521	4,521	30,136,659	35,526,768	5,390,109		

This table shows a surplus position of \$35.5m, a positive variance of \$5.4m compared to the budgeted surplus position of \$30.1m, which reflects timing of transactions associated with projects and grant funding.

The restricted balance referred to in the preceding table and throughout this report comprises of Pilbara Underground Power (PUPP) Service Charges levied in 2014/15, which are subject to the 10-year instalment option offered by Council.

At the November Council meeting, Council resolved to adopt the November 2021 Budget Review. The amendments to the budget, adopted as part of this review, are not reflected in this report. They will be reflected in the financial statements for the period ending 30 November, presented at the January 2022 meeting of Council.

Cash and Financial Investments

The following table indicates the financial institutions where the City has investments as of 31 October 2021.

Institution	Accounts	Principal Investment \$	Balance 31 October 2021 \$	Interest %	Investment Term	Maturity
RESERVE FUNDS						
WBC	Business Premium Cash Reserve		75,827,842	0.81	At Call

N/A	Cash on Hand		13,481			
TOTAL		20,000,000	101,093,915			
The balance of all Term Deposits includes interest accrued to 31 October 2021						

The RBA official cash rate (overnight money market interest rate) remained at 0.10% during the month of October. As a result of the low RBA cash rate, Municipal Funds held in the Westpac Bank transaction account are currently not earning interest. Reserve funds held in

the Westpac Business Premium Cash Reserve account are earning 0.81% in interest on balances of more than \$1m.

The liquidity graph for 2021/22 demonstrates a decrease in liquidity from September. This decrease in liquidity is primarily due to payment of trade and other payables.

Other Investments

As part of Council's investment strategy, reserve funds were used to purchase a commercial property 'The Quarter HQ' in June 2017. The following table provides a summary of all income and expenditure for The Quarter for the current financial year:

	Month 31 October 2021 \$	Year to Date 31 October 2021 \$	Life to Date 31 October 2021 \$
Total Income Received	403,659	1,255,236	10,911,821

Net Income	188,553	345,607	5,221,692
Annualised ROI	11.3%	5.2%	6.0%

Also, as part of Council's investment strategy, Council resolved at its May 2020 meeting to execute a loan agreement with Scope Property Group Pty Ltd for the acquisition and redevelopment of the Dampier Shopping Centre. This loan is to be funded utilising Reserve funds and borrowings from WATC (if required) and is to be for a maximum initial term of ten years. To date, no borrowings from WATC have been required. The following table provides a summary of this funding arrangement for the current financial year:

	Month 31 October 2021 \$	Year to Date 31 October 2021 \$	Life to Date 31 October 2021 \$
Funded Amount	-	350,000	1,000,000

LEVEL OF SIGNIFICANCE

Financial integrity is essential to the operational viability of the City but also as the custodian of community assets and service provision. An ability to monitor and report on financial operations, activities and capital projects is imperative to ensure that financial risk is managed at acceptable levels of comfort.

The ability for the City to remain financially sustainable is a significant strategy for a region that is continually under pressure from the resources industry, private enterprise and State Government obligations for the ongoing development of infrastructure and services.

STATUTORY IMPLICATIONS

In accordance with the *Local Government Act 1995* and *Local Government (Financial Management) Regulations 1996*, a Statement of Financial Activity is required to be presented to Council as a minimum requirement.

Section 6.4 of the *Local Government Act 1995* provides for the preparation of financial reports.

In accordance with Regulation 34 (5) of the *Local Government (Financial Management) Regulations 1996*, a report must be compiled on variances greater than the materiality threshold adopted by Council of \$50,000 or 10% whichever is the greater. As this report is composed at a program level, variance commentary considers the most significant items that comprise the variance.

COUNCILLOR/OFFICER CONSULTATION

Executives and Management have been involved in monthly reviews of their operational and departmental budgets and notifying the Financial Services team of trends and variances arising from their operational areas.

COMMUNITY CONSULTATION

No community consultation is required.

POLICY IMPLICATIONS

The Council's financial reporting is prepared in accordance with Accounting Policy CF1. This is reviewed periodically to ensure compliance with legislative and statutory obligations.

FINANCIAL IMPLICATIONS

The report represents the financial position of the Council at the end of October 2021 with a year to date budget surplus position of \$30,136,659 (comprising \$29,986,659 unrestricted surplus and \$150,000 restricted surplus) and a current surplus position of \$35,526,768 (comprising \$35,376,768 unrestricted surplus and \$150,000 restricted surplus). The restricted balance comprises PUPP service charges levied in 2014/15.

STRATEGIC IMPLICATIONS

This item is relevant to the Council's approved Strategic Community Plan 2020-2030 and the Corporate Business Plan 2020-2025. In particular, the Operational Plan 2021-2022 provided for this activity:

Our Programs/Services:	4.c.1.1	Management Accounting Services
Our Projects/Actions:	4.c.1.1.19.1	Conduct monthly and annual financial reviews and reporting

RISK MANAGEMENT CONSIDERATIONS

Astute financial management backed by strong internal controls, policies and monitoring will ensure risks are assessed regularly and managed appropriately. Expenditure and revenue streams are monitored against approved budgets by management and the financial team with material variances being reported. It is incumbent on all managers that any perceived extraordinary variances that have, or likely to have, occurred are escalated immediately for consideration by Executive and/or Council.

The level of risk to the City is considered to be as follows:

Category	Risk level	Comments
Health	N/A	Nil
Financial	Low	The completion of the Monthly Financial Activity Statement report is a control that monitors this risk
Service Interruption	N/A	Nil
Environment	N/A	Nil
Reputation	Low	There are no identified risks of a greater level associated with the Officer's recommendation
Compliance	Low	There are no identified risks of a greater level associated with the Officer's recommendation

IMPACT ON CAPACITY

There is no impact on capacity or resourcing to carry out the Officer's recommendation.

RELEVANT PRECEDENTS

This is a monthly process advising Council of the current financial position of the City.

VOTING REQUIREMENTS

Simple Majority.

OPTIONS:Option 1

As per the Officer's recommendation.

Option 2

That Council by SIMPLE Majority pursuant to Section 6.4 of the *Local Government Act 1995* and Regulation 34 of the *Local Government (Financial Administration) Regulations 1996* RESOLVES to:

1. RECEIVE the Financial Reports for the financial period ending 31 October 2021; and
2. APPROVE the following actions:
 - a) _____

PURPOSE

To advise Council of payments made for the period from 27 October 2021 to 26 November 2021.

BACKGROUND

Council has delegated authority to exercise its power to make payments from the City's Municipal and Trust funds.

LEVEL OF SIGNIFICANCE

In accordance with Council Policy CG-8 Significant Decision Making Policy, this matter is considered to be of high significance in terms of Council's ability to perform its role.

COUNCILLOR/OFFICER CONSULTATION

Officers have been involved in the approvals of any requisitions, purchase orders, invoicing and reconciliation matters.

COMMUNITY CONSULTATION

No community consultation is required.

STATUTORY IMPLICATIONS

Payments are to be made in accordance with Part 6, Division 4 of the *Local Government Act 1995* and as per the *Local Government (Financial Management) Regulations 1996*. Payments are to be made through the municipal fund, trust fund or reserve funds. Payments are to be in accordance with approved systems as authorised by the CEO.

POLICY IMPLICATIONS

Staff are required to ensure that they comply under Council Policy CG12 – Purchasing Policy and CG11 - Regional Price Preference Policy (where applicable) and that budget provision is available for any expenditure commitments.

FINANCIAL IMPLICATIONS

Payments are made under delegated authority and are within defined and approved budgets. Payment is made within agreed trade terms and in a timely manner.

Payments for the period 27 October 2021 to 26 November 2021 totalled \$9,970,074.51, which included the following payments:

- Norwest Sand & Gravel – Hancock Way Earthworks Claim #4 - \$565,672

- Active Discovery – KRMO Northern Play Space, Progress Claim - \$331,978
- GBSC Yurra Pty Ltd – Construction of new City Housing Claim #5 - \$301,392

Consistent with CG-11 Regional Price Preference Policy, 55% of the value of external payments reported for the period were made locally.

STRATEGIC IMPLICATIONS

This item is relevant to the Council's approved Strategic Community Plan 2020-2030 and the Corporate Business Plan 2020-2025. In particular, the Operational Plan 2021-2022 provided for this activity:

Our Program: 4.c.1.4 Process Accounts Receivable and Accounts Payable

RISK MANAGEMENT CONSIDERATIONS

The level of risk to the City is considered to be as follows:

Category	Risk level	Comments
Health	N/A	Nil
Financial	Low	Failure to make payments within terms may render Council liable to interest and penalties
Service Interruption	Moderate	Failure to pay suppliers may lead to delays in the future provision of goods and services from those suppliers
Environment	N/A	Nil
Reputation	Moderate	Failure to pay for goods and services in a prompt and professional manner, in particular to local suppliers, may cause dissatisfaction amongst the community
Compliance	N/A	Nil

IMPACT ON CAPACITY

There is no impact on capacity or resourcing to carry out the Officer's recommendation.

RELEVANT PRECEDENTS

There are no relevant precedents related to this matter.

10.3 HUMAN RESOURCES POLICY REVIEW

File No:	CM.103
Responsible Executive Officer:	Director Corporate Services
Reporting Author:	Manager Human Resources
Date of Report:	24 November 2021
Applicant/Proponent:	Nil
Disclosure of Interest:	Nil
Attachment(s):	1. CH01 Defence Reservist Leave Policy 2. CH09 Appointment of Acting CEO Policy

PURPOSE

For Council to consider modifying one existing Human Resources Policy and the adoption of one new policy.

BACKGROUND

Council Policy CH01 – Defence Reservist Leave

This policy has been reviewed in accordance with the policy review date. There are no proposed changes to the content of the policy, however it is proposed to increase the frequency of the review of this policy from every 2 years to every 4 years. The policy is used infrequently and there is low risk associated with the change of the review period.

Council Policy CH09 – Appointment of Acting CEO

Following the recent amendments to the *Local Government Act 1995*, Council is required to adopt a policy for the Appointment of an Acting Chief Executive Officer. The City previously had a Council policy for the Appointment of an Acting CEO, however in May 2016 Council resolved to remove the policy as the requirements for the appointing an Acting CEO were outlined in the Act. The 'new' policy has been written having regard to a template policy provided by WALGA and outlines the requirements on the CEO or Council when appointing an Acting CEO at any time.

Key provisions of the draft Appointment of Acting CEO Policy are:

- The CEO can appoint a Director as Acting CEO for planned and unplanned leave for periods up to 6 months;
- Council can appoint a Director as Acting CEO or conduct an external recruitment process for extended leave periods of greater than 6 months but less than 12 months;
- Council can appoint a Director as Temporary CEO or conduct an external recruitment process if the substantive position is vacant; and
- Remuneration and conditions are in accordance with the City's Higher Duties and Additional Responsibilities Policy.

The WALGA Acting CEO Policy template provides that the CEO can appoint an Acting CEO for planned and unplanned leave periods greater than 48 hours and up to 6 weeks. Council can by resolution appoint an Acting CEO for extended leave periods greater than 6 weeks but less than 12 months. The WALGA policy is written to capture Local Governments of all sizes, including small shires where operational decisions would routinely be made by the Council. The City's draft policy reflects the CEO's responsibility for routine operational

decisions involving staffing and the higher than normal quantum of leave available at the City (including personal, annual and long service leave).

LEVEL OF SIGNIFICANCE

In accordance with Council Policy CG-8 Significant Decision Making Policy, this matter is considered to be of moderate significance in terms of Council's ability to perform its role.

STATUTORY IMPLICATIONS

Section 2.7(2)(b) of the *Local Government Act 1995* provides that the role of Council includes determining the local government's policies.

Section 5.39C of the *Local Government Act 1995* provides that Council must prepare and adopt a policy for the employment of a person in the position of CEO for a term not exceeding one year and the appointment of an employee to act in the position of CEO for a term not exceeding one year.

COUNCILLOR/OFFICER CONSULTATION

The Executive Management Team has been consulted in relation to the review of these policies.

COMMUNITY CONSULTATION

No community consultation is required.

POLICY IMPLICATIONS

PURPOSE

For Council to consider the appointment of community members to the Arts Development & Events Advisory Group.

BACKGROUND

Under the current Terms of Reference, there is the opportunity for up to 12 community members to join the Arts Development & Events Advisory Group.

According to the Terms of Reference for Members of the Advisory Group, they will be required to:

- a) Provide input related to the formulation of relevant policy including an Arts and Cultural framework for the City that encompasses:
 - Public art and multi-art forms.
 - Performing arts.
 - Cinema, moving images, and digital media.
 - Festivals, events, and celebrations.
 - Exhibitions and galleries.
 - Museums and historical displays.
 - Residency programs
 - Cultural influences – Aboriginal and Torres Strait Islander culture, multicultural, pop, etc.
- b) Assist in the evaluation of public art and other commissions.
- c) Provide input on the City's Annual Calendar of Arts and Cultural activities.
- d) Provide input on the mix and genre of events and shows to be presented to the community.
- e) Development of patronage and participation in arts and cultural activities.
- f) Act as ambassadors in the promotion of arts and cultural practice throughout the City through active community liaison

On 20 October 2021, Officers opened the application period for these roles and advertised them throughout the community. Nominations closed on 4 November 2021.

The applicants have been evaluated on their capacity to bring expertise to the advisory group through their interest and exposure to one or more artistic or cultural disciplines.

Following this process Officers determined that the following applicants met these requirements:

- Carrie McDowell
- Megan Wood-Hill
- Leigh Thompson
- Tamara Bin Amat
- Danielle Heaton
- Andy Clark
- Linda Daniel Rowlands
- Karen Michelmores
- Michelle McCarthy

12 DEVELOPMENT SERVICES

12.1 GOLD WATERWISE COUNCIL

File No:	WS.2
Responsible Executive Officer:	Director Development Services
Reporting Author:	Sustainability Officer
Date of Report:	13 November 2021
Applicant/Proponent:	Nil
Disclosure of Interest:	Nil
Attachment(s):	Nil

PURPOSE

For Council to support advancing the City's water management planning and be recognised as a Gold Waterwise Council under the Water Corporation's Waterwise Council Program.

BACKGROUND

The City of Karratha has demonstrated ongoing commitment to sustainable management of water resources and has been recognised by the Water Corporation as a Waterwise Council since May 2017. In addition, the Karratha Leisureplex and the Roebourne Swimming Pool are recognised as Waterwise Aquatic Centres, and the Airport is recognised as a Waterwise Business.

Some of the major water conservation strategies and initiatives that Council has supported include:

- Upgrading Karratha's Wastewater infrastructure to supply public open spaces in Karratha with recycled water from the Water Corporation's wastewater treatment plant;
- Supply of recycled water to public open spaces in Wickham and Dampier, by Rio Tinto Utilities which operate the two wastewater treatment plants;
- Constructing a wastewater treatment plant at the Airport which supplies recycled water for irrigation, flushing toilets and washing cars; and
- Investing in a SCADA Central Control System for monitoring and controlling irrigation systems across all townships.

There are 64 local governments across WA taking part in the Waterwise Council Program. Six metropolitan local governments are recognised as Platinum Waterwise Councils (the highest level) and 25 are recognised as Gold Waterwise Councils (the second highest level). The City is currently recognised as a Silver Waterwise Council and it is now appropriate to consider expanding water management initiatives to enable us to apply for recognition as a Gold Waterwise Council. If successful, the City would be the second regional local government in Western Australia to be recognised as a Gold Waterwise Council. It would indicate that the City is demonstrating significant contributions towards the development of waterwise communities, best practice water management and improve liveability outcomes across the water cycle.

To become a Gold Waterwise Council, the City is required to enter into a Memorandum of Understanding with the Water Corporation. This demonstrates commitment to engaging with internal and external stakeholders to work together to promote water sustainability in the

community. The City is then required to benchmark itself against the criteria of the Water Sensitive Cities Index. This index essentially identifies areas where the City is performing well in water management and areas that require additional focus or improvement.

Once the City understands the gaps and priority projects to improve water related practices, the City must:

- Develop a Waterwise Council Action Plan which aligns with the City's Environmental Sustainability Strategy;
- Pursue or investigate at least one priority recommendation within 12-months of the benchmarking exercise;
- Identify the members of the Water Management Team as a subset of the internal utilities working group;
- Develop a Waterwise Verge Policy; and
- Progress the Wickham swimming pool in the Wickham Recreational Precinct to be recognised as a Waterwise Aquatic Centre.

Becoming a Water Sensitive City will transition the City from focussing on ways to save water, to identifying ways where water is central to providing wider benefits, such as urban greening, improved liveability, sustainability, resilience, productivity, and cultural connection to water. Progressing the City towards greater water sensitivity and applying for recognition as a Gold Waterwise Council is a strategy in the Environmental Sustainability Strategy, adopted by Council on 30 June 2021.

LEVEL OF SIGNIFICANCE

In accordance with Council Policy CG-8 Significant Decision Making Policy, this matter is considered to be of low significance in terms of social, cultural and environmental issues.

STATUTORY IMPLICATIONS

Under the *Local Government Act 1995*, part 5.56 (1), a local government is to plan for the future of the district.

COUNCILLOR/OFFICER CONSULTATION

Consultation has occurred with Managers, including Community Facilities, Liveability, Building Maintenance, Infrastructure Services, and the Airport.

COMMUNITY CONSULTATION

Community engagement activities in accordance with the iap² public participation spectrum process to involve and collaborate are proposed as follows:

Who	How	When	What	Outcome
Traditional Owner Groups (NAC, MAC, WWCA, YAC)	In person consultation	March – May 2022	Involve & collaborate	Participation and contribution
Environment and Sustainability Advisory Group	In person consultation	March – May 2022	Involve & collaborate	Participation and contribution
Utility Providers (Water Corporation and Rio Tinto)	In person consultation	March – May 2022	Involve & collaborate	Participation and contribution
Industry / Business (KDCCI, City contractors)	In person consultation	March – May 2022	Involve & collaborate	Participation and contribution
Government (DWER, DBCA, DPLH)	In person consultation	March – May 2022	Involve & collaborate	Participation and contribution

Who	How	When	What	Outcome
Community Associations and Professionals Networks	In person consultation	March – May 2022	Involve & collaborate	Participation and contribution
General Community Members	Expressions of interest in print /social media & website	March – May 2022	Involve & collaborate	Participation and contribution
Education (Primary, Secondary, TAFE)	Email to Principals and Coordinator of TAFE CLM Program	March – May 2022	Involve & collaborate	Participation and contribution

POLICY IMPLICATIONS

There are no policy implications.

FINANCIAL IMPLICATIONS

During 2020/2021, the City spent \$1,472,369 on water. Progressing the City towards recognition as a Gold Waterwise Council will involve hosting a stakeholder workshop in April 2022, which will cost approximately \$3,000. Additional best practice water initiatives may be proposed at the workshop, which if adopted will reduce consumption, reduce wastage, increase the use of recycled water, and reduce expenditure. The implementation of new initiatives will be managed through the City's normal annual budgeting process.

STRATEGIC IMPLICATIONS

This item is relevant to the Council's approved Strategic Community Plan 2020-2030 and the Corporate Business Plan 2020-2025. In particular, the Operational Plan 2021-2022 provides for this activity:

Programs/Services:	3.d.1.2	Sustainability Management
Projects/Actions:	3.d.1.2.19.2	Implement Water Efficiency Action Plan

The approved Environmental Sustainability Strategy also provides for this activity:

Focus Area:	3	Water Sensitive Facilities & Urban Design
Projects/Actions:	3.11	Progress the City towards Gold Waterwise Council status and Water Sensitive City functionality.

RISK MANAGEMENT CONSIDERATIONS

The level of risk to the City is considered to be as follows:

Category	Risk level	Comments
Health	N/A	Nil
Financial	N/A	Nil
Service Interruption	Low	Activities will require Officer participation, however unlikely to cause service interruption.
Environment	N/A	Nil
Reputation	N/A	Nil
Compliance	N/A	Nil

IMPACT ON CAPACITY

There is no impact on capacity or resourcing to carry out the Officer's recommendation.

RELEVANT PRECEDENTS

There are no relevant precedents related to this matter.

VOTING REQUIREMENTS

Simple Majority.

OPTIONS:Option 1

As per Officer's recommendation.

Option 2

That Council by SIMPLE Majority pursuant to Section 5.56 (1) of the *Local Government Act 1995* RESOLVES to DEFER further consideration of progressing the City to be recognised as a Gold Waterwise Council, pending clarification of the following issues:

Option 3

That Council by SIMPLE Majority pursuant to Section 5.56 (1) of the *Local Government Act 1995* RESOLVES to DEFER further consideration of progressing the City to be recognised as a Gold Waterwise Council.

CONCLUSION

The City of Karratha has demonstrated ongoing commitment to sustainable management of water resources and has been recognised as a Waterwise Council since 2017. Progressing the City towards recognition as a Gold Waterwise Council acknowledges these achievements and lays out actions to become a water sensitive city. It will transition the City from focussing on ways to save water, to identifying ways where water is central to providing wider benefits, such as urban greening, improved liveability, sustainability, resilience, productivity and cultural connection to water.

The development and implementation of a Waterwise Council Action Plan, the implementation of the Environmental Sustainability Strategy and achieving recognition as a Gold Waterwise Council, will assist in achieving the vision of Karratha being Australia's most liveable regional city.

12.2 PREPARATION OF NEW LOCAL PLANNING SCHEME NO.9

File No:	SCR21001
Responsible Executive Officer:	Director Development Services
Reporting Author:	Principal Planner
Date of Report:	24 November 2021
Applicant/Proponent:	Nil
Disclosure of Interest:	Nil
Attachment(s):	Nil

PURPOSE

For Council to consider the preparation of new Local Planning Scheme No.9 in accordance with the requirements of the Planning and Development (Local Planning Schemes) Regulations 2015.

BACKGROUND

City of Karratha Local Planning Scheme No.8 (the Scheme) was gazetted on 22 August 2000. The Planning and Development (Local Planning Schemes) Regulations 2015 (the Regulations) requires review of local planning schemes. If a local government determines that a Scheme Review is required, then the Regulations require preparation of a 'Report of Review' to the Western Australian Planning Commission (WAPC) on the operation of the current Scheme as the first step. A Report of Review was prepared and at the 23 August 2021 OCM Council resolved to:

1. *Approve the Report of Review of the City of Karratha Local Planning Scheme No.8; and*
2. *Provide the approved report to the Western Australian Planning Commission (WAPC).*

The Report of Review was forwarded to the WAPC. The Report of Review recommended the preparation of a new Local Planning Scheme No.9. The WAPC considered the Report of Review and formally notified the City that the WAPC agrees with the recommendation. Pursuant to regulation 67(2) of the Regulations the City of Karratha has published the report of review and the WAPC's notification on the City's website.

The next step to progress with preparation of new Local Planning Scheme No.9 is for the local government to resolve to prepare Local Planning Scheme No.9 as is required under Regulation 19. This is the matter for Council's consideration. Following this step, the process to reach a final gazetted Scheme No.9 is a lengthy process (estimated to be approximately 18 months) involving numerous procedural steps required to be undertaken in accordance with the Regulations. The process will involve community, Officer and Councillor consultation throughout, with input from the WAPC and final approval from the Minister.

The Report of Review included the following reasons for preparing a new Scheme:

- The LPS indicates that population within the City is predicted to increase and the scheme review will ensure that land supply to accommodate this is addressed appropriately.
- Provide for economic development/employment opportunities.
- To include recommendations from the endorsed Local Planning Strategy into the new Scheme.

- To ensure there is sufficient flexibility in the Scheme, where required, to promote land use and development.
- Update and improve the Scheme text, objectives and provisions to:
 - achieve aims and objectives set out in the LPS.
 - provide a document which will assist achieving the City's vision of being Australia's most liveable regional city; and
 - improve clarity and interpretation for end users.
 - Investigate land uses and permissibility within the zoning table, including childcare, family day care, city centre land uses etc.
 - Correct inconsistencies between the structure of the Scheme Text and the Model Provisions contained within the Regulations
 - There are a number of zones, reserves, objectives, and land use classifications and definitions that are inconsistent with the Model Provisions contained within the Regulations.
 - Zoning changes related to 'bringing forward' structure plan zonings for areas now developed.
 - Review existing Special Control Areas and Special Use zones.

As the WAPC agrees with the above reasoning and the recommendation of the Report of Review to prepare a new Local Planning Scheme, it is recommended that Council resolve to prepare new Local Planning Scheme No.9.

The City has engaged a consultant to assist in the processing and preparation of a new Scheme.

LEVEL OF SIGNIFICANCE

In accordance with Council Policy CG-8 Significant Decision Making Policy, this matter is considered to be of moderate significance in terms of social, economic, and environmental issues and parties affected.

STATUTORY IMPLICATIONS

The local planning scheme is the primary statutory development control instrument that applies to the district. The Planning and Development Act 2005 requires review of local planning schemes. The Planning and Development (Local Planning Schemes) Regulations 2015 sets out the process for undertaking a Scheme Review and preparation of a new Scheme. Should Council resolve to prepare new Local Planning Scheme No.9 this will allow the City to move forward with public notifications of its preparation and with the preparation of the actual draft Scheme No.9 document.

COUNCILLOR/OFFICER CONSULTATION

The Executive Management Team and Councillors will be updated as the Scheme review and preparation process progresses. Relevant internal service units will also be consulted as required. It is anticipated that by mid-2022 a draft Scheme No.9 will be presented to Council to consider whether to proceed and request the WAPC to approve to advertise.

COMMUNITY CONSULTATION

Following any resolution by Council to prepare the new Scheme, Regulation 20 of the Regulations requires the local government to publicly notify its intention to prepare a new Scheme in a local newspaper and on the City's website. Further to this, the City must forward the resolution for comment to:

- The local government of each district that adjoins the City of Karratha;
- Each licensee under the Water Services Act 2012 likely to be affected by the Scheme;

- The Chief Executive Officer of the Department of the Public Service principally assisting in the administration of the Conservation and *Land Management Act 1984*; and
- Each other public authority likely to be affected by the Scheme.

Following this and once a draft new scheme is prepared, the regulations require a draft new scheme to be presented to Council to consider whether to request the WAPC to approve the draft for advertising.

At that point officers would set out a recommended community consultation strategy for advertising the draft new scheme via the below methods:

Who	How	When	What	Outcome
Community	Print and social media, display on the City's website and in the City's libraries.	Consultation on the draft new Scheme can only be undertaken once Council has resolved and WAPC has granted approval to advertise.	Involve Collaborate	To gather feedback and invite further advice on the draft Strategy.
Key Stakeholders	Meetings with Key Stakeholders.		Involve Collaborate	To gather feedback and invite further advice on the draft Strategy.

Consultation will also consider the Small Business Development Corporation project the City is currently progressing. This will ensure the scheme considers and formally provides for small business growth into the future.

POLICY IMPLICATIONS

Through reviewing the Scheme and through preparing a new Scheme, it is likely that revisions to some of the City's existing Local Planning Policies (LPP's) will be required and potentially new LPP's may be required to be prepared.

FINANCIAL IMPLICATIONS

The City has engaged Edge Planning and Property consultants to assist with undertaking the Scheme review. Relevant City policies and processes were followed to procure the services of the consultant. This cost has been factored into Council's adopted budget for 2021/22.

STRATEGIC IMPLICATIONS

This item is relevant to the Council's approved Strategic Community Plan 2020-2030 and the Corporate Business Plan 2020-2025. In particular, the Operational Plan 2021-2022 provided for this activity:

Programs/Services:	1.f.1.3	Planning Services
Projects/Actions:	1.f.1.3.19.1	Finalise Local Planning Scheme Review

RISK MANAGEMENT CONSIDERATIONS

The level of risk to the City is considered to be as follows:

Category	Risk level	Comments
Health	N/A	Nil
Financial	N/A	Nil
Service Interruption	Low	Undertaking the Scheme Review will require Officer time to complete the project. With the

Category	Risk level	Comments
		assistance of a consultant this will minimise any impacts on service provision.
Environment	Low	Nil
Reputation	Low	The risk to reputation is considered minimal as the current consideration by Council is essentially to initiate a process that is required by legislation.
Compliance	Moderate	The City will not be meeting requirements of the Regulations should a Scheme review not be undertaken.

IMPACT ON CAPACITY

There is no impact on capacity or resourcing to carry out the Officer's recommendation.

RELEVANT PRECEDENTS

There are no relevant precedents related to this matter.

VOTING REQUIREMENTS

Simple Majority.

OPTIONS:Option 1

As per Officer's recommendation.

Option 2

That Council by SIMPLE Majority pursuant to Section 3.18 of the *Local Government Act 1995* RESOLVES to DEFER any resolution to prepare new Local Planning Scheme No.9 until further consideration of the draft Issues Paper has been undertaken.

CONCLUSION

Council has previously resolved to forward a 'report of review' to the WAPC with the recommendation that the City prepare a new Local Planning Scheme No.9. The WAPC has agreed with the recommendation. The procedural requirements of the relevant Planning Regulations now require Council to resolve to prepare the new Local Planning Scheme No.9 which will apply to the municipality of the City of Karratha. Should Council resolve to prepare Scheme No.9 the Regulations require public notification of the resolution to prepare a new Scheme and to provide a copy of the notification of the resolution to surrounding Local Governments and to relevant public authorities.

12.3 PROPOSED SCHEME AMENDMENT NO.55 TO LOCAL PLANNING SCHEME NO.8 – MAITLAND STRATEGIC INDUSTRY BUFFER AREA

File No:	LP.351
Responsible Executive Officer:	Director Development Services
Reporting Author:	Senior Planner
Date of Report:	19 November 2021
Applicant/Proponent:	Urbis/DevelopmentWA/Woodside
Disclosure of Interest:	Nil
Attachment(s):	1. Proposed Scheme Amendment No. 55 – Available Electronically 2. Location Plan 3. Maitland Strategic Industrial Area Improvement Scheme Environmental Assessment Report - Available Electronically

PURPOSE

For Council to consider initiating proposed Scheme Amendment No. 55 to introduce Additional Use Site No.10 into Appendix 4 of Local Planning Scheme No.8 (the Scheme) to provide greater certainty for the development of a renewable energy facility within the Maitland Strategic Industry Buffer Area.

BACKGROUND

The Maitland Strategic Industrial Area (MSIA) was first identified in 1993 as a suitable location for large scale industrial development. The MSIA is intended to accommodate heavy industries including gas and petroleum processing, power production and other associated downstream processing industries.

The MSIA is located approximately 24km west of the Karratha townsite and 39km south of Dampier Port. The land subject to the proposed amendment is bordered by the North West Coastal Highway to the South, MSIA to the west and the Dampier to Bunbury Natural Gas Pipeline to the north. The subject land is owned by the State of Western Australia and comprises three lots (refer to Attachment 2 – Location Plan).

The MSIA is a site of significant importance in conjunction with the development of the Pilbara Hydrogen Hub. The strategic importance of the MSIA was solidified through a State Government media release on 25 November 2021, which confirmed the MSIA would form part of the planned Pilbara Hydrogen Hub bid currently lodged with the Federal Government. The State Government will invest \$117.5 million to attract further Federal Funding and has lodged an application through the Commonwealth Government's Clean Hydrogen Industrial Hubs program.

The subject land is zoned 'Rural' under Scheme Map No. 7 and is located within the MSIA Industry Buffer Special Control Area (SCA). The core area of the MSIA is zoned Strategic Industry under the Scheme.

Clause 6.1.1 of the Scheme establishes that if a SCA is shown on the Scheme Maps, then the provisions of that SCA will apply in addition to the provisions of the zoning of the land and general provisions of the Scheme. Clause 6.3.1 of the Scheme applies specific provisions to the proposed scheme amendment area, and reads:

6.3.1 Within the Industry Buffers:

- a) *no dwelling is permitted; and*
- b) *no development is permitted which would attract persons, other than those working in the adjacent strategic industrial area.*

These Scheme provisions would not necessarily prevent development from occurring within the MSIA Buffer Area, but they are open to interpretation and are at the discretion of the decision maker which causes a level of uncertainty in respect to the permissibility of development within the MSIA buffer area. This may deter potential applications for development approval.

The Department of Planning, Lands and Heritage (DPLH), DevelopmentWA, Woodside Energy and the City of Karratha (the City) have considered a number of options in order to address these provisions of the Scheme. The introduction of an additional use site within the MSIA SCA buffer area to allow for a 'renewable energy facility' land use is the preferred option.

This process needs to be undertaken through a 'standard' Scheme Amendment to amend Appendix 4 – Additional Uses of the Scheme. The proposed amendments include:

- Amend Appendix 4 – Additional Uses of the Scheme to introduce Additional Use Site No. 10 over the subject land to allow for a 'Renewable Energy Facility' land use;
- Introduce special conditions to control development and guide decision makers in the assessment of applications for development approval. One such condition defines the term 'Renewable Energy Facility' as a:

'premises used to generate energy from a renewable energy source and includes any building or other structure used in, or in connection with, the generation of energy by a renewable resource. It does not include anemometers, solar panels, wind turbines or other infrastructure used to generate energy located on a lot with a private rural use, single house or commercial premises where the energy produced principally supplies that use'.

- Make the 'Renewable Energy Facility' additional use a Permitted (P) land use within Additional Use Site No. 10 under the Scheme;
- Not apply Clause 6.3.1(b) to Additional Use Site No. 10; and
- Modifying Scheme Map No. 7 by designating Additional Use No.10 over a portion of Lot 1502 on DP 75876, Lot 650 on Deposited Plan 29591 and Lot 651 on Deposited Plan 29591.

The proposed amendment will provide increased certainty within the City's Local Planning Framework to facilitate the development of renewable energy facilities within the MSIA SCA buffer area. It will also ensure that such development can occur independently of development within the MSIA, which under the current local planning framework may be hindered given Scheme Provision 6.3.1 (b).

It is noted that the MSIA is subject to Improvement Plan No. 44 – Maitland Strategic Industrial Area, which was endorsed by the Minister for Planning on 24 May 2016. Improvement Plan

No. 44 enables the preparation and implementation of an Improvement Scheme, which once adopted will result in the City's Local Planning Scheme No. 8 having no statutory effect within the MSIA. However, until the Maitland Strategic Industrial Area – Improvement Scheme No. 1 is gazetted the provisions of the Scheme apply to the MSIA, including the proposed scheme amendment area.

LEVEL OF SIGNIFICANCE

In accordance with Council Policy CG-8 Significant Decision Making Policy, this matter is considered to be of low significance in terms of economic and environmental issues.

STATUTORY IMPLICATIONS

In accordance with Part 5 of the *Planning and Development (Local Planning Schemes) Regulations 2015*, Council can:

- Adopt a proposed scheme amendment for the purpose of initiating advertising;
- Adopt a modified proposal; or
- Resolve to not progress the proposed scheme amendment to advertising.

Under the provisions of Part 5 of the *Planning and Development (Local Planning Schemes) Regulations 2015*, the proposed amendment is a standard amendment as 'it will have minimal impact on other land in the scheme area and is not anticipated to result in any significant environmental, social, economic or governance impacts on land in the Scheme area.

Should Council resolve to initiate the proposed amendment, the City is required to refer the amendment to the Environmental Protection Authority (EPA) for assessment in accordance with Section 81 of the *Planning and Development Act 2005*.

The City is currently preparing new Local Planning Scheme No. 9 in accordance with the requirements of the *Planning and Development (Local Planning Schemes) Regulations 2015*. The components within the proposed scheme amendment could be addressed through the preparation of new Local Planning Scheme No.9, however the timeframe to undertake a standard scheme amendment is considerably less in comparison to preparing a new local planning scheme. As such, it is considered appropriate to process the proposed scheme amendment as an amendment to current Local Planning Scheme No. 8.

COUNCILLOR/OFFICER CONSULTATION

Consultation between City Officers, the proponent and the DPLH was undertaken at the pre-lodgement stage. Should Council resolve to initiate the proposed scheme amendment for the purposes of advertising, further consultation will be undertaken.

COMMUNITY CONSULTATION

Should Council resolve to initiate the proposed scheme amendment, the City is required to publicly advertise the amendment in accordance with the *Planning and Development (Local Planning Schemes) Regulations 2015*. Any submissions received during advertising will be presented back to Council to consider.

POLICY IMPLICATIONS

There are no policy implications.

FINANCIAL IMPLICATIONS

In accordance with the *Planning and Development Regulations 2009*, the City may impose a fee to process a scheme amendment. The City has provided an estimated service fee of \$2,000 to the proponent.

STRATEGIC IMPLICATIONS

This item is relevant with the City's approved Strategic Community Plan 2020-2030 and the Corporate Business Plan 2020-2025. In particular, the Operational Plan 2021-2022 provides for this activity:

Programs/Services: 2.c.1.1 Strategic Land Use Planning Services

RISK MANAGEMENT CONSIDERATIONS

The level of risk to the City is considered to be as follows:

Category	Risk level	Comments
Health	N/A	Nil
Financial	N/A	Nil
Service Interruption	N/A	Nil
Environment	Low	The proposed Scheme Amendment will be referred to the Environmental Protection Authority should Council resolve to initiate the amendment for advertising.
Reputation	N/A	Nil
Compliance	Low	The proposed Scheme Amendment would allow for the development of a renewable energy facility within the subject land. An application for development approval would be required for any development and would be assessed and determined in accordance with relevant local and state planning framework. Relevant environmental legislation will also apply.

IMPACT ON CAPACITY

There is no impact on capacity or resourcing to carry out the Officer's recommendation.

RELEVANT PRECEDENTS

There are no relevant precedents related to this matter specifically, however the City does undertake Scheme Amendments for additional land uses as required.

VOTING REQUIREMENTS

Simple Majority.

OPTIONS:Option 1

As per Officer's recommendation.

Option 2

That Council by SIMPLE Majority pursuant to Clause 75 of the *Planning and Development Act 2015* RESOLVES to DEFER and adopt a modified proposal.

Option 3

That Council by SIMPLE Majority pursuant to Clause 75 of the *Planning and Development Act 2015* RESOLVES to NOT PROGRESS the proposed Scheme Amendment to advertising.

CONCLUSION

The Maitland Strategic Industrial Area is identified for major industrial development including power generation and downstream processing. Interest has been shown in the development

of a renewable power generation facility within the Maitland Strategic Industrial Area Special Control Area (Industry Buffer).

Whilst development is possible under the current local planning framework, certain Scheme provisions which apply to the Maitland Strategic Industrial Area and Industry Buffer Special Control Areas are considered to be open to interpretation and would ultimately be at the discretion of a decision maker, such as a Joint Development Assessment Panel (JDAP). This creates uncertainty for developers where an application for development approval in the Industry Buffer Special Control Area may not be supported in the absence of development in the adjoining Maitland Strategic Industrial core area.

The proposed amendment seeks to Amend Appendix 4 – Additional Use Sites of the City's Local Planning Scheme No.8 to introduce the additional use of 'renewable energy facility' and special conditions to facilitate development within the Maitland Strategic Industrial Area Special Control Area buffer. The proposed amendment will provide greater certainty to developers and decision makers that a renewable energy facility can be developed in the industry buffer area in accordance with the local planning framework.

If Council resolves to initiate the proposed scheme amendment, the amendment will be referred to the Environmental Protection Authority for review and then publicly advertised. The proposed scheme amendment will be subsequently presented back to Council to consider for final adoption.

12.4 PROPOSED AMENDMENTS TO LOCAL PLANNING SCHEME NO. 8 - SHAKESPEARE PRECINCT (No. 56)

File No:	LP.348
Responsible Executive Officer:	Director Development Services
Reporting Author:	Economic Development Project Officer
Date of Report:	13 December 2021
Applicant/Proponent:	Ryan Hall
Disclosure of Interest:	Nil
Attachment(s):	1. Draft Scheme Amendment No. 56 – Available Electronically 2. Shakespeare Precinct Improvement Project Engagement Outcomes Report – Available Electronically

PURPOSE

For Council to consider the findings of the Shakespeare Precinct Scheme Amendment engagement activities and resolve to prepare amendment No. 56 to the City of Karratha Local Planning Scheme No. 8 (LPS 8).

BACKGROUND

The recreation, open space and drainage systems in Bulgarra were created as part of the subdivision process during the 1970s. At this time the land was considered to provide sufficient open space for the suburb and to accommodate the anticipated drainage needs. The land was vested to the State Government with a Management Order to the City for parks and recreation and drainage.

In 2011 the Department of Regional Development and Lands and the City identified 61 parcels of undeveloped Crown land reserved for parks, recreation and drainage in the City's LPS 8 that, subject to further investigation, may have the potential for residential development. Collectively these land parcels were named 'Lazy Lands'.

Following this, two studies have been undertaken to improve the understanding of flood risk for these sites and identify the land required for drainage. These studies include:

1. The Karratha Coastal Vulnerability Study 2011 (KVS 2011); and
2. The Lazy Lands 2D Flood Study and Local Water Management Framework 2013 (LWMF 2013).

These studies considered the impacts of future climate change, the hydrology around Karratha, shoreline stability, flooding from storm surge and riverine flooding assessed the current impact of flooding from rainfall runoff on Karratha. They concluded that most of the Lazy Lands sites are not required for drainage purposes and could be made available for future development.

Following this the City adopted the Karratha Revitalisation Strategy in October 2016. This Strategy identified potential future development opportunities on the surplus Lazy Lands and

in particular looks to provide an East/West green link through Bulgarra to assist with connectivity across Karratha.

The City has now looked to implement the KRS for the Shakespeare Precinct in Bulgarra. The subject area includes:

- Lot 638 Nairn Street C/Title Ref LR3161/569;
- Lot 348 Nairn Street C/Title Ref LR3014/169; and
- Lot 637 Millstream Road C/Title Ref LR3161/568.

A map showing the site area is included within **Attachment 1**.

The intent of the project has been to prepare a concept plan and scheme amendment that will:

- Provide a long term concept plan for the site and align the zoning of the land with this concept to provide for future subdivision, detailed design and development;
- Identify land in the precinct that may be used for residential development to ensure that there continues to be sufficient zoned land in the City to meet future demand;
- Identify opportunities for further East/West improvements in connectivity; and
- Identify the size and shape of Public Open Space (POS) on the site.

The project has been delivered in the following three stages:

1. Stage 1 included background research to identify any existing technical site constraints and considerations relevant to the precinct;
2. Stage 2 included preliminary consultation with the local community by way of online engagement through the Social Pinpoint platform, Social Media, mail out to all land owners and occupants within the western Bulgarra area and two community workshops; and
3. Stage 3 included developing and refining a preferred concept plan for the Precinct, informed by the research in Stage 1 and the engagement outcomes from Stage 2.

Four concept options were developed which address the requirement for residential development, formalised public open space, consideration to community and stakeholder feedback and the KRS. Of the four options only one is recommended for consideration. The alternate options did not satisfy the following requirements:

1. Connections were not aligned to the KRS;
2. Balance between Development and Public Open Space was not delivered. High yield development option resulted in poor planning outcomes and did not consider the engagement report findings. Low yield option did not satisfy the City's need for housing supply.

The City's consultant and Officers concluded proceeding with the 3 alternate options would be contentious and may not be approved through the WA Planning Commission.

The recommended option presented to Council delivers the following three key elements and strikes a balance between delivery of development sites and public open space:

1. Additional road connectivity both east/west and north/south;
2. Retention of vegetation on the site in key areas and development of a more formalised park; and
3. Additional low density residential development to the east, north and south of the central park area.

A draft Scheme Amendment to enable the zoning and reservation of the land to align with the preferred concept has been prepared and is included as **Attachment 1**. If Council endorses the draft Scheme Amendment it will require advertising for public comment and the results will be presented back to Council to be considered.

LEVEL OF SIGNIFICANCE

In accordance with Council Policy CG-8 Significant Decision-Making Policy, this matter is of moderate significance in terms of social, economic and cultural issues.

STATUTORY IMPLICATIONS

The *Planning and Development (Local Planning Schemes) Regulations 2015* (Planning Regulations) apply to the submission, processing and approval of proposed Scheme Amendments. Regulation 35 provides for a Local Government to resolve to prepare or adopt an amendment to a local planning scheme. Council must specify within its resolution whether the proposed amendment is complex, standard or basic. The classification selected determines the process the amendment follows.

In this instance, it is recommended that the proposed amendment be initiated as a standard amendment, as the amendment:

- Is generally consistent with the objectives of the relevant zone or reserve;
- Is generally consistent with a local planning strategy that has been endorsed by WAPC; and
- Does not result in any significant environmental, social, economic or governance impacts on land in the Scheme area.

If Council adopts the Scheme Amendment it is required to be referred to the Environmental Protection Authority and advertised for public comment in accordance with the Planning Regulations. The results of consultation will then be presented to Council for consideration. Council will be required in accordance with regulation 50 to consider all submissions and pass a resolution to:

- pass the amendment without modification; or
- support the amendment with proposed modifications to address issues raised in the submissions; or
- not to support the amendment.

COUNCILLOR/OFFICER CONSULTATION

Councillors have been kept informed of progress and issues in relation to the Shakespeare Precinct Scheme Amendment through updates at Councillor Briefing Sessions.

COMMUNITY CONSULTATION

Community engagement activities in accordance with the iap² public participation spectrum process to consult were held as follows:

Who	How	When	What
Community	Online Social Pinpoint Engagement Survey	6 April to 2 May 2021	Consult
Karratha Scout Group	1:1 Interview	28 April 2021	Consult
Community	Community Information Sessions	21 and 22 May 2021	Consult
Youth Advisory Group	Advisory Group Meeting	26 May 2021	Consult
Individual Stakeholders	Phone	1 June 2021	Consult

The Shakespeare Precinct Improvement Project Engagement Outcomes Report is included as **Attachment 2**.

Should Council resolve to initiate this Scheme Amendment Community consultation is required to occur in accordance with the Planning Regulations including being publicly advertised to the community for a period of 42 days. The advertising will involve a notice published in the Pilbara News, a notice being displayed at the City administration office and on the City's website. Results will be presented back to Council.

POLICY IMPLICATIONS

There are no policy implications.

FINANCIAL IMPLICATIONS

\$74,367.45 was included in the 20/21 and 21/22 budget to complete the Shakespeare Precinct Scheme Amendment. The City's Long Term Financial Plan 2019/20 – 2028/29 provides for staged delivery of the KRS which includes some design and construction within the Shakespeare Precinct. Any additional costs, including decision to acquire land, subdivide, or construct will require approval through the budget review process.

STRATEGIC IMPLICATIONS

This item is relevant to the Council's approved Strategic Community Plan 2020-2030 and the Corporate Business Plan 2020-2025. In particular, the Operational Plan 2021-2022 provided for this activity:

Programs/Services: 2.c.1.1 Strategic Land Use Planning Services

RISK MANAGEMENT CONSIDERATIONS

The level of risk to the City is considered to be as follows:

Category	Risk level	Comments
Health	N/A	Nil
Financial	Low	Nil
Service Interruption	N/A	Nil
Environment	Low	The proposed scheme amendment is required to be referred to the Environmental Protection Authority.
Reputation	Low	Council's reputation is managed by following adopted policies and considering precedents.
Compliance	Low	The process for preparing a Scheme Amendment is set out in the Planning Regulations.

IMPACT ON CAPACITY

Implementing Council's decision will be met through the existing operating budget.

RELEVANT PRECEDENTS

From time-to-time Council considers initiating amendments to the City of Karratha Town Planning Scheme. One such amendment was initiated by Council on 15 April 2019, to rezone Lot 500 Padbury Way, Bulgarra from Local Scheme Reserve: 'Public Purposes: Community' to 'Residential R40'.

On 17 October 2016 Council resolved to adopt the Karratha Revitalisation Strategy Stage 1 and Stage 2 reports which identified opportunities and key actions required to improve the liveability, connectivity and amenity of the established suburbs of Millars Well, Pegs Creek and Bulgarra, including the Shakespeare Precinct.

VOTING REQUIREMENTS

Simple Majority.

OPTIONS:Option 1

As per Officer's recommendation.

Option 2

That Council by SIMPLE Majority pursuant to Part 5, Division 1, Section 75 of the *Planning and Development (Local Planning Schemes) Regulations 2015* RESOLVES to REFUSE to initiate proposed Scheme Amendment No. 56 to the City of Karratha Local Planning Scheme No.8.

CONCLUSION

The proposed scheme amendment strikes a balance between allocating land for public open space to serve the residents of Bularra and provides opportunity for residential development and improved connections in line with the KRS to assist in addressing the City's undersupply in housing whilst remaining close in proximity to the City centre.

It is recommended that Council adopt the draft Scheme Amendment for the purpose of advertising it for public comment.

OFFICER'S RECOMMENDATION / COUNCIL RESOLUTION

Res No : 154919
MOVED : Cr Harris
SECONDED : Cr McNaught

That Council by SIMPLE Majority RESOLVES to:

1. **PREPARE** Scheme Amendment No. 56 to Local Planning Scheme No. 8 included as Attachment 1 pursuant to Section 75 of the *Planning and Development Act 2005* and Part 5, Division 2, Regulation 35(1) of the *Planning and Development (Local Planning Schemes) Regulations 2015*.
2. **CLASSIFY** proposed Scheme Amendment No. 56 as a Standard Amendment in accordance with Part 5, Division 1, Regulation 34 of the *Planning and Development (Local Planning Schemes) Regulations 2015* by reason that it is an amendment that:
 - a) Is generally consistent with the objectives of the relevant zone or reserve.
 - b) Is generally consistent with a local planning strategy that has been endorsed by WAPC; and
 - c) Does not result in any significant environmental, social, economic or governance impacts on land in the Scheme area.
3. **NOTES** that the Scheme Amendment will be:
 - a) Referred to the EPA under Part 5, Division 3, Section 81 of the *Planning and Development Act 2005*; and
 - b) Advertised for public comment in accordance with Part 5, Division 3, Regulation 47 of the *Planning and Development (Local Planning Schemes) Regulations 2015*.

12.5 DESIGNATED AREA MIGRATION AGREEMENT (DAMA)

File No:	ED.41
Responsible Executive Officer:	Director, Development Services
Reporting Author:	Project Officer
Date of Report:	13 December 2021
Applicant/Proponent:	Nil
Disclosure of Interest:	Nil
Attachment(s):	1. DAMA Process Flowchart 2. Pilbara DAMA DAR Recommended Funding Model

PURPOSE

For Council to consider and agree upon the proposed funding model to administer the Pilbara Designated Area Migration Agreement (DAMA).

BACKGROUND

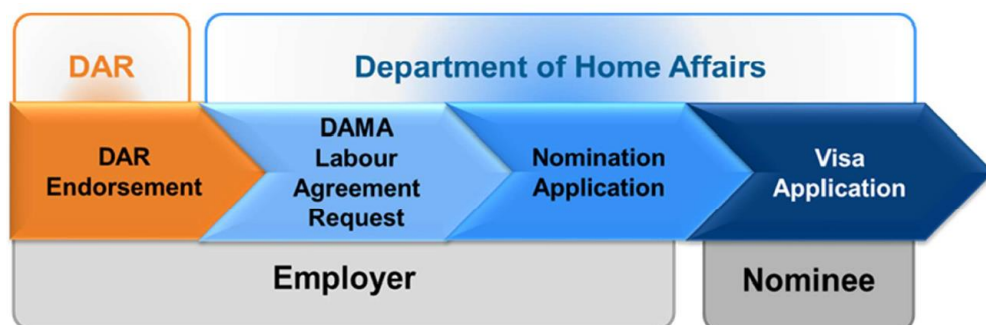

Results from the City's Annual Business Climate Survey in 2019 and 2020 highlighted employee attraction and retention as the number one issue facing their business. In 2019, results showed that sustained labour shortages were negatively affecting businesses, with 38% of respondents identifying 'finding and retaining good staff' as the main issue facing their business. In 2020, this figure increased 10 points to 48%. The City adopts a holistic approach to supporting local business to attract and retain skilled workers. As well as supporting projects aimed at attracting and upskilling a domestic workforce, in May 2020 the City commissioned a report to examine the options available to the City and/or local businesses to facilitate employment of an international workforce to address labour shortages. The report reviewed all options and found that a DAMA would provide the most benefit. Consequently, in December 2020, Council resolved to make an application to the Federal Government for a DAMA (Resolution 154727).

A DAMA is an agreement between the Commonwealth of Australia and a Designated Area Representative (DAR), to fill recognised labour shortages in a specified area with overseas workers. A DAMA is authorised by the Minister for Immigration, Citizenship and Multicultural affairs. The key benefit of a DAMA is that it provides a defined geographic region with access to a broader range of overseas workers than is available through the standard skilled migration programs. DAMAs provide access to experienced overseas workers for vacant skilled or semi-skilled occupations that cannot be filled by Australian workers from the local labour market.

A DAMA is a two-tier framework:

1. The first tier consists of an overarching 5-year Deed of Agreement between the Commonwealth and a Designated Area Representative (DAR). A DAR may be a state/territory government, regional authority or local government and the DAR is broadly responsible for administering the DAMA.
2. The second tier comprises of individual Labour Agreements with employers who have chosen to access the DAMA.

The following diagram outlines the end-to-end process and parties responsible for each stage in the DAMA process. A detailed flowchart setting out the DAMA process in full is set out at **Attachment 1**.

Following the Council resolution in December 2020, the City partnered with the Town of Port Hedland and Regional Development Australia (RDA) to engage with local business stakeholders and prepare and lodge the DAMA application. The DAMA application was lodged on 21 October 2021. The Pilbara DAMA application included three key parts being:

1. Evidence of the existing labour market conditions that demonstrated and justified the need for employers to have enhanced access to an overseas workforce;
2. A list of proposed occupations (63) and the specific visa concessions that are proposed to apply to each occupation based on the labour market conditions in point one above; and
3. Identification of Regional Development Australia as the appropriate body to perform the role of the DAR for the Pilbara DAMA.

The Pilbara DAMA application is currently being assessed by the Department of Home Affairs (DoHA) and the City, Town of Port Hedland and RDA are continuing to work with DoHA to progress the application to approval. It is anticipated that a decision is likely within three to six months from the date of lodgement which in this case would be the first quarter of 2022.

In anticipation of approval, a funding model is required to be agreed by the City, Town and RDA to administer the Pilbara DAMA through the office of the RDA, in its capacity as DAR. Once a DAMA is in place, the office of the DAR plays a critical role for businesses wanting access to the Pilbara DAMA. To enter into a DAMA Labour Agreement with DoHA, employers within a designated area must first receive endorsement from the DAR.

To receive endorsement, a business must be assessed by the DAR as fulfilling a range of eligibility criteria. Typically, this will include:

- The business has been lawfully operating in the designated area for more than 12-months;
- The business is financially viable;
- The position is genuine and there is a genuine vacancy;
- Labour market testing has been completed in accordance with legislative requirements;
- Employment terms and conditions being offered are reasonable and lawful;
- There have been no recent changes to workforce composition (redundancies and retrenchments);
- Concessions will not undermine overseas workers' ability to support themselves or lead to exploitation;
- There is no adverse information about the employer;

- Concessions are reasonable regarding current labour market conditions in the region; and
- DAR endorsement supports the DAMA objectives.

In circumstances where a business is assessed as eligible, a DAR will provide the business with a letter of endorsement. Endorsed employers can then apply to the Department of Home Affairs for a DAMA Labour Agreement.

There are currently seven DAMAs operating in Australia, each with a different approach to funding, as follows:

DAMA	DAR endorsement application fee	Uptake	Pros/ cons
Northern Territory DAMA	\$0.	No information available	<p>Pros:</p> <ul style="list-style-type: none"> • Fully subsidising businesses who apply for DAR endorsement will encourage more businesses to access the DAMA. <p>Cons:</p> <ul style="list-style-type: none"> • A lack of any DAR endorsement application fee for businesses may encourage spurious, incomplete, or ill-thought-out applications. • Higher cost to DAR.
Orana DAMA	*Per nomination basis. \$1000.	Approx. 25 nominations per year	<p>Pros:</p> <ul style="list-style-type: none"> • High application fees for business (akin to a cost-recovery model) will reduce the funding burden on the DAR. <p>Cons:</p> <ul style="list-style-type: none"> • High application fees may deter some businesses from accessing the DAMA.
FNQ DAMA	<p>*Per nomination basis. \$770 (CCC Members) \$936 (non-members)</p> <p>Roll-over endorsement: \$250 (CCC members) \$350 (non-members).</p>	23 applications from 14 businesses during October 2021	<p>Pros:</p> <ul style="list-style-type: none"> • A bespoke DAMA agreement that is tailored to meet the needs of the region, combined with an active and informed marketing campaign to local business, has resulted in a high uptake of the FNQ DAMA. <p>Cons:</p> <ul style="list-style-type: none"> • Fees align with membership model for CCC which does not apply in the case of the Pilbara DAMA.

DAMA	DAR endorsement application fee	Uptake	Pros/ cons
Great Southern Coast DAMA	*Per nomination basis. \$600 (<\$10m turnover) \$900 (>\$10m turnover)	Approx. 60 nominations per year	Pros: <ul style="list-style-type: none"> Fees are proportionate to the size of the business. Cons: <ul style="list-style-type: none"> Higher application fees may deter some businesses from accessing the DAMA.
The Goldfields DAMA	*Per nomination basis. \$250	Approx. 25 nominations per year	Pros: <ul style="list-style-type: none"> Fee appears reasonable and uptake demonstrates that it is not deterring businesses from accessing the DAMA. Fee accounts for some cost recovery but still subsidised in part.

***Per nomination basis:** The fee is applied to the number of positions being applied for. For example, 10 x Bakers would incur 10 x application fees.

The City has worked collaboratively with the Town and RDA to develop a recommended funding model for the Pilbara DAMA. In doing so, a local lens has been applied to the review of the different funding models adopted elsewhere. The available options are:

1. Cost-recovery model, i.e. the application fee paid by business compensates the DAR for the full cost of endorsement,
2. Subsidised model, i.e. businesses are not charged an application fee, with the result that the DAR bears the full cost of endorsement, or
3. A combination of the above.

It is recommended that the Pilbara DAMA adopt a partially subsidised funding model, with the following key-features:

1. businesses will be subsidised the cost of DAR endorsement, where DAR endorsement costs exceed \$350, and
2. the City will subsidise the cost of endorsement applications received from businesses that are located within the City.

The recommended \$350 fee to business is amongst the lowest DAR endorsement application fees in Australia. In opting to charge business a small fee, the recommended funding model strikes a balance between promoting business uptake of the DAMA, whilst deterring applications that are spurious, ill-thought out or incomplete.

A diagram of the recommended funding model is included at **Attachment 2**. A summary of the process follows:

- RDA Pilbara, in its capacity as DAR, will establish and administer the DAMA. This includes funding the set up and ongoing maintenance of processes, forms, and web platforms. RDA has allocated \$20,000 in their 21/22 FY budget to fund this.
- Businesses seeking access to the DAMA will pay a one-off \$350 endorsement application fee to RDA. Note fee is per application, not per role.
- RDA will assess the application and if supported, provide DAR endorsement. Once endorsed by the DAR, an employer can apply to enter into an individual DAMA Labour Agreement with the Australian Government.

- RDA will invoice the City/ Town for the cost of assessing an application, where those costs exceed \$350. The City will be invoiced for applications deriving from a City-based business; the Town will be invoiced for applications deriving from a Town-based business. Businesses otherwise bear the cost of preparing the applications and obtaining migration advice.

LEVEL OF SIGNIFICANCE

In accordance with Council Policy CG-8 Significant Decision-Making Policy, this matter is of moderate significance in terms of future economic diversification prospects.

STATUTORY IMPLICATIONS

A DAMA is an agreement between the Commonwealth of Australia and a Designated Area Representative (DAR). A DAMA is authorised by the Minister for Immigration, Citizenship and Multicultural Affairs.

COUNCILLOR/OFFICER CONSULTATION

Nil.

COMMUNITY CONSULTATION

Consultation has taken place between the business community and internal stakeholders to develop the Pilbara DAMA application.

The proposed funding model for the office of the DAR has been developed in collaboration with the City, Town and RDA.

The City, Town and RDA are developing a marketing campaign to promote the DAMA once it is approved.

POLICY IMPLICATIONS

There are no policy implications.

FINANCIAL IMPLICATIONS

If Council accepts the recommended funding model, it is anticipated that the cost of operationalising the DAMA will range between nil and \$14,000 for the remainder of the 2021/22 financial year.

Cost modelling is based on the following estimates:

- Approval of the Pilbara DAMA is anticipated to occur in the first quarter of 2022,
- Business uptake elsewhere suggests RDA will likely receive 10-15 applications for DAR endorsement during the remainder of the 2021/22 financial year,
- Advice received is that an experienced migration agent typically requires between 2-3 hours (on average) to assess an application for DAR endorsement, and
- Market rates for migration agents range from between \$150 to \$350 per hour, excluding GST.

	Uptake	Assessment timeframe	Migration Agent Fees (\$150-\$350 per hour)	Contribution from business	Total Estimated Cost
Low-cost scenario	5 businesses apply for DAR endorsement.	2 hours per application.	\$150 per hour	One-off fee received from business \$350	No cost to Council. Business contributions will

	Uptake	Assessment timeframe	Migration Agent Fees (\$150-\$350 per hour)	Contribution from business	Total Estimated Cost
	Each business nominates 1 employee.				cover DAR operating costs.
High-cost scenario	20 businesses apply for DAR endorsement. Each business nominates 1 or more employee.	3 hours per application	\$350 per hour	One-off fee received from business \$350	\$14,000

In the low-cost scenario, business contributions (i.e. \$350 application fee) will fully cover DAR operating costs. In the high-cost scenario, council will be required to contribute \$14,000 to operationalise the DAMA for the remainder of the 21/22FY.

A moderate uptake of the Pilbara DAMA is anticipated. On this basis, it is anticipated that the maximum cost of operationalising the DAMA will be \$10,000 for the remainder of the 2021/22 financial year.

Council has allocated \$10,000 in the 2021/22 budget for the purpose of implementing the DAMA. Further funding will be included in future budgets going forward based on the City funding the cost of the DAR endorsement for businesses that are located within the City of Karratha and the above assumptions will be adjusted based on actual uptake.

STRATEGIC IMPLICATIONS

This item is relevant to the Council's approved Strategic Community Plan 2020-2030 and the Corporate Business Plan 2020-2025. In particular, the Operational Plan 2021-2022 provided for this activity:

Programs/Services:	2.d.2.1	Business Attraction and Retention

Financial	N/A	Nil
Service Interruption	N/A	Nil
Environment	N/A	Nil
Reputation	N/A	The City's Risk Register identifies lack of small to medium enterprise development within the City as a reputational risk with a rating of Moderate. Implementing a DAMA will manage this risk by ensuring that local small to medium enterprises have access to suitably skilled staff. There may be a perceived reputational risk regarding the City supporting international labour. The City has partnered with the Town of Port Hedland and RDA to progress the DAMA application, with RDA agreeing to operationalise the DAMA in its capacity as DAR. As part of the DAMA application process,

Category	Risk level	Comments
		labour market testing has been carried out to demonstrate that efforts have been made to recruit Australians into the roles proposed to be included in the DAMA. There will also be a ceiling on the numbers of overseas workers able to be employed annually under the DAMA. These measures will appropriate manage this reputational risk.
Compliance	N/A	Nil.

IMPACT ON CAPACITY

There is no impact on capacity or resourcing to carry out the Officer's recommendation.

RELEVANT PRECEDENTS

There are no relevant precedents related to this matter.

VOTING REQUIREMENTS

Simple Majority.

OPTIONS:Option 1

As per Officer's recommendation.

Option 2

That Council by SIMPLE Majority pursuant to section 3.18 (1) of the *Local Government Act 1995* RESOLVES to DEFER consideration of the DAMA funding model pending further information.

CONCLUSION

In anticipation of the Pilbara DAMA application being approved in 2022 the City, RDA and TOPH need to agree on a funding model.

13.1 LITTER COLLECTION INITIATIVE – BUCKS FOR BAGS

File No:	CS.88
Responsible Executive Officer:	Director Strategic Projects & Infrastructure
Reporting Author:	Manager Waste Services
Date of Report:	24 November 2021
Applicant/Proponent:	Nil
Disclosure of Interest:	Nil
Attachment(s):	Nil

PURPOSE

For Council to consider increasing the payment value of each bag collected in the Bucks for Bags Program.

BACKGROUND

Council has allocated \$30,000 in its 2021/22 Budget toward the following community litter initiatives:

- Bucks for Bags Program - including bag rebate, disposal fees, and materials (litter picking tongs, gloves, bags, etc.)
- Roadside litter awareness signage – “Secure Your Load”
- Keep Australia Beautiful Events – Clean Up Australia Day, KAB week
- Litter education at program at primary schools – Captain Clean-up
- Radio campaign

The Bucks for Bags Program is one of several initiatives targeting litter management by providing local community and not-for-profit (NFP) groups the opportunity to raise funds by undertaking litter collection within the City. The City pays six dollars (\$6) per bag collected, to a maximum of \$2,000 per clean-up plus provides resources including gloves, rubbish bags and litter picking tools to assist with the clean-up.

The Program complements the City’s existing contracted litter collection service as the areas assigned to these groups are generally outside of the contract scope. Sites include beaches, crown reserves and trails, public camping grounds and other litter hot spots.

Despite the City’s promotional activities to increase awareness of the Bucks for Bags Program via Facebook and Keep Australia Beautiful events, and information on how to access the Program on the City’s website, there has been a recent decline in participation.

The table below illustrates participation numbers:

Year	Value Per Bag	Bags collected	Participants	Total Funded
2019/2020	\$6	2,885	13	\$17,310.00
2020/2021		1,444	7	\$8,664.00
2021/2022		198	3	\$1,188.00

The implementation in 2020 of the WA State Government Container Deposit Scheme may be a contributing factor to the decline in participation as it provides an alternative avenue for organisations to raise funds.

The community taking ownership for litter management is considered an important strategy to enhancing pride in place and educating the community on the environmental harms that litter can cause. Various Tidy Town committees, environmental groups, community associations and NFP organisations throughout Western Australia use clean ups to assist in achieving these objectives.

Despite the lower than forecast take up in the City in recent times, Officers believe that litter initiatives such as the Bucks for Bags Program, in combination with further education and awareness campaigns are critical to continuing to reduce litter across the City. Further, the Program can reduce the reliance on the City to fund contractors, that are paid at a significantly higher rate.

To encourage greater participation in the Program, Officers discussed the options to increase the value of the bags collected at the Waste Advisory Group meeting held on the 8 November 2021. Based on feedback as to the importance of the program as one of several litter initiatives, Officers proposed increasing the payment value of the bags from \$6 to \$10 and removing the capped maximum amount of \$2,000 per clean-up. This report considers the potential financial implications of modifying the Program.

Council has several options to consider on the future of the Bucks for Bags Program including:

1. Cease the program (not recommended as an initial option subject to review of effectiveness of proposed change);
2. Retain the program as is; or
3. Modify the program to encourage greater participation.

Officers recommend increasing the value from \$6 to \$10 per bag collected, and then further evaluate.

LEVEL OF SIGNIFICANCE

In accordance with Council Policy CG-8 Significant Decision Making Policy, this matter is considered to be of low significance in terms of environmental issues and Council's ability to perform its role.

STATUTORY IMPLICATIONS

There are no statutory implications.

COUNCILLOR/OFFICER CONSULTATION

Consultation has taken place between relevant officers and the City's Waste Advisory Group.

COMMUNITY CONSULTATION

No community consultation is required, however if the Officer's recommendation is supported by Council, the initiative is intended to be promoted through the City's social media, web site and other available avenues.

POLICY IMPLICATIONS

There are no policy implications.

FINANCIAL IMPLICATIONS

Council has allocated \$30,000 in its 2021/22 Budget toward a series of litter initiatives that is offset 100% by funding provided under the Safer Communities Partnership. This includes \$9,500 set aside for the Bucks for Bags Program.

Based on the current rate of participation in the Bucks for Bags Program, the estimated total bag rebate paid in 2021/22 will be \$6,000, less the current allocation. Scenarios showing the impact of increasing the rebate to \$10 per bag based on the current trend, a 50% increase and a 100% increase in bags collected are shown below.

Scenario	Per Bag Rebate	Estimated Bags #	Rebate	Current Rebate Allocation
1. Current Trend	\$10	594	\$5,940	\$9,500
2. 50% increase		891	\$8,910	\$9,500
3. 100% increase in participation		1188	\$11,880	\$9,500

In the first two scenarios, the current rebate allocation is sufficient to cover the Program budget. There is potential for reallocation of Partnership funding to accommodate the 100% increase in participation scenario, or further City funding may be required.

The Town of Port Hedland in its partnership with Care for Hedland ran a similar program previously where it offered \$5 for each bag collected, however this program ceased in 2013.

STRATEGIC IMPLICATIONS

This item is relevant to the Council's approved Strategic Community Plan 2020-2030 and the Corporate Business Plan 2020-2025. In particular, the Operational Plan 2021-2022 provided for this activity

Programs/Services:	1.b.3.1	Liveability
Projects/Actions:	1.b.3.1.19.1	Develop and Implement the City's Safer Communities Partnership Strategic and Operational Plan

RISK MANAGEMENT CONSIDERATIONS

The level of risk to the City is considered to be as follows:

Category	Risk level	Comments
Health	N/A	Nil
Financial	Low	Funding is provided via State Government and Industry partnership.
Service Interruption	N/A	Nil
Environment	Low	Increased participation in the Program leads to a positive environmental outcome.
Reputation	Low	Increasing the bag rebate may have a positive impact on Council's reputation of being proactive in supporting programs that promote a clean and attractive environment.
Compliance	N/A	Nil

IMPACT ON CAPACITY

There is no impact on capacity or resourcing to carry out the Officer's recommendation.

RELEVANT PRECEDENTS

There are no known relevant precedents related to this matter.

VOTING REQUIREMENTS

Simple Majority.

OPTIONS:Option 1

As per Officer's recommendation.

Option 2

That Council by SIMPLE Majority pursuant to Section 3.18 of the *Local Government Act 1995* RESOLVES to RETAIN the payment value of \$6 for each bag collected in the Bucks for Bags Program.

Option 3

That Council by SIMPLE Majority pursuant to Section 3.18 of the *Local Government Act 1995* RESOLVES to RETAIN the payment value of \$6 for each bag collected in the Bucks for Bags Program and CONSIDER discontinuing the Bucks for Bags initiative at the end of the three-year Program (Safer Communities Partnership 2019-2022).

CONCLUSION

The number of organisations participating in the Bucks for Bags Program has declined over the last 17 months. The City's promotional activities to increase awareness of the Bucks for Bags Program via Facebook and Keep Australia Beautiful events have had little impact on improving participation rates.

This report recommends increasing the payment value of each bag of litter collected with a view to stimulating participation in the Bucks for Bags Program.

13.2 7 MILE LANDFILL CELL 0 CAPPING AND CLOSURE WORKS

File No:	CM.521
Responsible Executive Officer:	Director Strategic Projects & Infrastructure
Reporting Author:	Manager City Services
Date of Report:	22 November 2021
Applicant/Proponent:	Nil
Disclosure of Interest:	Nil
Attachment(s):	Confidential Tender Evaluation Report

PURPOSE

For Council to consider the tender for Cell 0 closure works offered under RFT 06-21/22.

BACKGROUND

The City operates Class 2 and 3 landfill disposal cells at its 7 Mile Waste facility. The Class 2 landfill cell (Cell 0) commenced filling operations in 1992 and has reached its design capacity. The Department of Water & Environment Regulation (DWER) landfill licence requires completion of Cell 0 capping by June 2023.

The City's Closure and Post Closure Management Plan details the capping system requirements for Cell 0 in general accordance with Environment Protection Agency Best Practice Environmental Management, Siting, Design, Operation and Rehabilitation of Landfills, 2015 (BPEM Guidelines). In addition, a Technical Specification for the capping works was prepared in January 2020. In accordance with the Guidelines, a capping system must:

- Minimise infiltration of surface water into the waste
- Provide a long-term, stable barrier between waste and the environment in order to protect human health and the environment
- Prevent the uncontrolled escape of landfill gas
- Provide land suitable for its intended after use

The Closure Plan and Technical Specification were assessed by the DWER and a licence amendment was approved for the capping and closure works in August 2020.

On 6 September 2021, the Chief Executive Officer authorised calling tenders for the Cell 0 capping and closure works. The City engaged Talis, specialised Waste Consultants, to prepare the Request for Tender (RFT) documentation provide supporting tender administration and evaluation services.

The tender comprised three (3) Separable Portions as follows:

- Separable Portion One - Landfill Gas Extraction System construction works including drilling of gas wells and installation of gas management infrastructure.
- Separable Portion Two – Construction and Lining Works including cut and fill earthworks, installation and conformance testing of Geomembrane, Geocomposite and Geotextile liners, installation of stormwater pond and drainage system and construction of access roads.
- Separable Portion Three – Drilling and Installation of Gas Monitoring Bores.

Tenderers were invited to submit a bid for one (1), all, or any combination of the three (3) separable portions.

Tenders were advertised on 28 September 2021 and closed 10 November 2021.

Seven (7) tenders were received by the closing date from:

- Doolee Construction – bid for Separable Portions one, two and three
- Ertech Pty Ltd – bid for Separable Portions one, two and three
- Hicks Civil & Mining – bid for Separable Portions one, two and three
- Norwest Contracting – bid for Separable Portion 2
- Raubex Construction Pty Ltd – bid for Separable Portions one, two and three
- Run Energy Pty Ltd – Bid for Separable Portions one and three
- Teneo – bid for Separable Portions one, two and three

The tenders were evaluated by a four (4) person panel comprising of:

- Director Strategic Projects & Infrastructure
- Manager City Services
- Waste Technical Officer
- Talis Consultants - Senior Waste Consultant

The tenders were first assessed for compliance with the tender documents. The tenders were then assessed against the qualitative criteria that were weighted. The criteria and associated weightings were:

Criteria	Weighting
Relevant Experience	20%
Demonstrated Understanding	10%
Methodology	10%
Price	60%

The Regional Price Preference Policy was applied to one (1) local tenderer.

A copy of the Evaluation Report is contained within the confidential section of the agenda.

The Director Strategic Projects & Infrastructure and the Chief Executive Officer have endorsed the recommendation.

LEVEL OF SIGNIFICANCE

In accordance with Council Policy CG-8 Significant Decision Making Policy, this matter is considered to be of low significance in terms of economic issues, environmental issues, and Council's ability to perform its role.

COUNCILLOR/OFFICER CONSULTATION

Officers were consulted as part of the panel evaluation process. An update on the Cell 0 capping and closure project was presented to the Waste Advisory Group at the meeting held on 8 November 2021.

COMMUNITY CONSULTATION

No community consultation is required.

STATUTORY IMPLICATIONS

Tenders were called in accordance with Section 3.57 of the *Local Government Act 1995* and the *Local Government (Functions and General) Regulations 1996*.

POLICY IMPLICATIONS

Council Policies CG12 – Purchasing and CG11 – Regional Price Preference are applicable to this matter.

FINANCIAL IMPLICATIONS

The provision for landfill Cell Closure and Remediation is funded from the City's Waste Reserve. The Waste Reserve balance as at 30 June 2021 is \$18.2m. The table below shows the Waste Reserve balance over the next 10 years incorporating the cost of Cell 0 capping and closure works.

Year	21/22	22/23	23/24	24/25	25/26	26/27	27/28	28/29	29/30	30/31
Balance (\$m)	14.26	9.26	10.32	8.53	7.94	8.90	10.41	10.37	11.90	10.51

The original Cell 0 closure project construction estimate of \$10.5m included \$9.75m of contracted works with the City providing significant internal support using plant and machinery to reprofile aspects of Cell 0. Prior to tendering and due to resource constraints, the contract estimate was revised to \$10.54m by Talis to account for reprofiling by the contractor.

Council has allocated \$3.2m in its 2021/2022 budget to commence the project works. The preferred tenderer has provided a submission for the three (3) Separable Portions which exceeds the pre contract value. The contributing factors include:

- A significant increase in construction costs and preliminaries associated with the current market conditions
- Limited availability of subcontractors due to high demand
- A significant increase in the original square metre unit rate estimate for revegetation of the landfill cap
- Addition of an access road on the landfill cap not included in the original design

Officers in their evaluation, have identified a series of potential cost saving measures that could be negotiated however there is limited opportunity to value manage and remove aspects of the scope of works as the City is required to adhere to the BPEM guidelines that have also been stipulated in the City's Landfill licence. Notwithstanding, should the Officers recommendation be endorsed, Council will be required to increase the 2021/2022 and 2022/2023 budget allocations for the project.

STRATEGIC IMPLICATIONS

This item is relevant to the Council's approved Strategic Community Plan 2020-2030 and the Corporate Business Plan 2020-2025. In particular, the Operational Plan 2021-2022 provided for this activity:

Programs/Services:	3.c.1.1	Waste Facility Management
Projects/Actions:	3.c.1.1.20.1	Commence Landfill Capping of Cell 0 at 7 Mile Waste Facility

RISK MANAGEMENT CONSIDERATIONS

The level of risk to the City is considered to be as follows:

Category	Risk level	Comments
Health	Low	The Cell 0 capping system has been designed in accordance with Best Environmental Management Practice to reduce risk to Human Health. The preferred Tenderer submitted a comprehensive Safety Management Plan detailing procedures developed with the aim of providing and maintaining a safe work environment throughout the project.
Financial	Moderate	The Cell Closure provision contained in the Waste Reserve is sufficient to fund the cost difference between the pre-tender estimate and the preferred submission with adversely impacting the Long-Term Financial Plan. Awarding all 3 separable portions to a single contractor will mitigate the liability of the City for potential costly delays associated with mobilising and coordinating multiple contractors.
Service Interruption	Low	The preferred Tenderer is required to implement a traffic management plan to ensure construction activities do not impact on day to day operations of the landfill facility.
Environment	Low	The Cell 0 capping system has been designed in accordance with Best Practice EPA to minimise the risk of pollution discharges into the environment (gas, waste, leachate).
Reputation	Low	The capping project is intended to be completed within the timeframe specified in the landfill licence.
Compliance	Low	A Contract Quality Assurance consultant will be appointed to ensure conformance testing and reporting is undertaken in accordance with regulatory requirements.

IMPACT ON CAPACITY

There is no impact on capacity or resourcing to carry out the Officer's recommendation. The City will engage a qualified Superintendent for the project. Technical assistance and construction quality assurance will be provided by technical consultants.

RELEVANT PRECEDENTS

Council has previously awarded a similar contract for construction of the current Class III landfill cells.

VOTING REQUIREMENTS

Simple Majority.

OPTIONS:Option 1

As per Officer's recommendation.

Option 2

That Council by SIMPLE Majority pursuant to Section 3.57 of the *Local Government Act 1995* RESOLVES to NOT SUPPORT the Officer's recommendation and PROPOSE an alternative Tenderer.

Option 3

That Council by SIMPLE Majority pursuant to Section 3.57 of the *Local Government Act 1995* RESOLVES to REJECT all tenders offered under RFT 06-21/22 and READVERTISE the tender.

CONCLUSION

The evaluation panel believes the recommended tenderer has the capacity to deliver the works to the standard expected by the City and has provided the most advantageous outcome for the project.

Considering the prices submitted and the further opportunities identified by Officers to value manage the project, Officer's recommend that the best opportunity to deliver the works is to nominate a preferred contractor and negotiate potential cost savings pre contract award.

- Attendance numbers at both The Youth Shed and The Base have increased from November 2020 due to an increase in weekly youth program.

Liveability**Liveability Programs:**

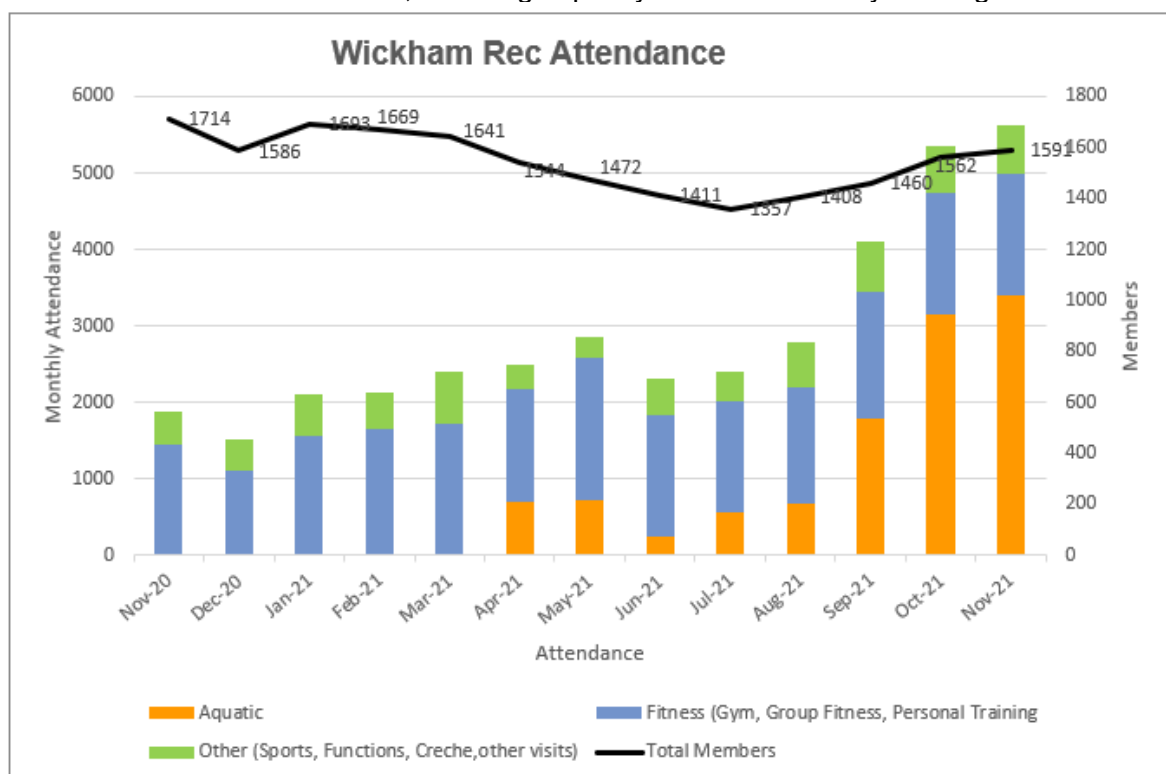

- 4 Meet the Street parties held
- 36 applications received in November for the Security Subsidy Scheme, which is the largest uptake recorded, influenced by Pilbara District - WA Police Force Facebook posts promoting the initiative.

Recreation Facilities

KLP:

- Overall Attendance was down 5% compared to last year. Nov 2020 spike due to COVID
- 9% increase in Gym attendance attributed to the expanded gymnasium.
- 9% increase for our Creche, reaching capacity on numerous days throughout the month.

Wickham Rec:

- Increase in aquatic attendance as weather heats up. Subsequent increase in total memberships attributed to aquatic memberships increase.
- Large increase from this time last year as pool was closed last year.

**Roebourne:**

- Attendance was down for RAC - Wickham pool was under refurbishment this time last year therefore RAC had stronger numbers last year.

Indoor Play

- Record high income for November since opening in 2013. Growth is in party hire and laser tag income.
- The IPC was also closed for a portion of November last year due to the relocation.

PURPOSE

To provide Council with a summary of the Youth Advisory Group (YAG) selection process and the approved list of youth members.

BACKGROUND

- Community members aged 11-18 (school years 7-12) interested in selection were invited to nominate for the YAG by completing an Application Form by Friday 5 November 2021, this was promoted via local newspaper, social media, and direct contact with schools.
- Recommended appointments were put forward to the Chief Executive Officer for approval.
- Member selection considered the following criteria:
 - Place of residence to have representation from each township.
 - Demonstrated leadership qualities and willingness to learn.
 - Experience working in a team and participating in group discussions.
- The City received 10 nominations. The current Terms of Reference state that there may be up to 12 community members and that focus for youth members will be on representation from across all townships.
- No nominations were received from Roebourne, Point Samson or Aboriginal youth. Efforts to fill the remaining two vacancies with youth who fit any of these criteria will continue.
- The Nominees were:
 - Emer O'Brien – Dampier (previous member)
 - Ned Van Dongen – Dampier (previous member)
 - Sophia Holmes – Karratha (previous member)
 - Zoe Waterstrom Muller – Karratha (previous member)
 - Charlotte Ball – Wickham (previous member)
 - Adam Barton – Karratha
 - Katelyn Cox – Karratha
 - Nitya Malik – Karratha
 - Toby Fountain – Karratha
 - Troy Wood – Karratha

- Manager Community Programs and Youth Services Coordinator evaluated the nominations against the criteria and conducted interviews with each of the nominees.

CONCLUSION

The Chief Executive Officer has supported all the above applicants for appointment to the Youth Advisory Group for a term concluding in October 2023. The next meeting of the Youth Advisory Group is scheduled for February 2022.

14.6 YOUTH STRATEGY UPDATE

PURPOSE

To provide Council with an update on the progress of the Youth Strategy 2019 – 2024.

BACKGROUND

The Strategy was adopted at the November 2019 Ordinary Council Meeting and provides clarity and direction on the role the City plays in the delivery of youth programs across all townships.

The overarching focus of the Strategy is the wellbeing of young people. This is broken into four priority areas as shown below:

- Personal Development
- Community Safety
- Accessibility and Inclusivity; and
- Empowerment and Advocacy

The second annual review of the Strategy is summarised below. The 17 initiatives developed to respond to the four priority areas have been marked either:

- *On track*: consistently delivering on the initiative, achieving success; or
- *Work in progress*: some progress, growth and development opportunities, further investigation required.

CONCLUSION

Strong progress has been made on delivering against the 17 initiatives of the Youth Strategy. Youth Services continue to focus on operating attractive, relevant, and exciting youth facilities with activities that align to the priority areas identified in the Strategy. In addition, Youth Services work with internal and external stakeholders for the provision of youth development opportunities. The Strategy is for a five-year period and will continue to be reviewed annually.

PURPOSE

For Council to consider management options for the 2022 FeNaCING Festival.

BACKGROUND

The FeNaCING Festival has been run for 48 years by the Dampier & Karratha Lions Club. The Festival is a well-loved community event held on the first weekend of August. The event attracts over 10,000 people, has over 100 exhibitors and food stalls, attracts carnival and ride operators from Perth and showcases a range of community services. The event has historically featured a large-scale live music program, local dance troupe performances and closes with fireworks on the Sunday night. The Monday is traditionally the FeNaCING long weekend public holiday.

The City has supported the event via a multi-year Agreement with a \$70,000 cash contribution to fund the children's entertainment and fireworks, plus in-kind support valued at approximately \$20,000 that covers oval hire, light tokens, ground support and waste services.

In early 2020 the Lions Club advised the City they would no longer be running FeNaCING and had lost support from Lions WA to continue as an organisation.

Following this, the Karratha Community Association (KCA) established a sub-committee to run FeNaCING. However, after a review of the event and the personnel required to deliver a successful event, the KCA decided not to continue with this opportunity. The KCA has subsequently dissolved.

With no other community groups interested in running the event, the City took responsibility and contracted Onyx Events to manage the 2021 Festival via a Request for Quotation process. The contract was for \$103,000 ex GST and provided a full-service event management contract. Onyx Events sub-contracted Wrapped Creations to manage the stallholders and carnival operators.

The 2021 Festival was delivered and received positive feedback from all involved and the broader community. Attendance numbers were strong, and the number of stallholders and carnival operators was similar to those at the last few FeNaCING events, pre-Covid.

The Festival also attracted strong support from local businesses with cash sponsorship and in-kind support for event services such as waste, power, cleaning and equipment hire. Support from community and sporting clubs to assist with manning the event on the weekend was very low, with only one sporting club offering support to run the bar.

Feedback from the event contractors was that, while they would like to continue to run the event, resourcing was a challenge within their existing business structures. The management of this contract was time-consuming for Officers, and acquittal compliance following the event is still outstanding.

The overall estimated figures (yet to be provided as an audited financial statement) is that the event generated \$380,000 of cash income and cost approximately \$315,000.

With only eight full months remaining to organise the 2022 FeNaCING Festival, a delivery method must be determined as soon as possible. An increasing number of enquiries are being received from exhibitors wanting to book their place at the 2022 event.

Officers have reviewed several options for the management of the event, and these are summarised below:

OPTION ONE: Community Led

The City to call Expressions of Interest from the public to form a FeNaCING Committee. The Committee would be incorporated and therefore operate under a Constitution. Under this option the Committee would be responsible for all aspects of the event, as the Lions Club were previously.

The City could have an observer/advisory role on the Committee but not an Executive position. Council is then a potential sponsor of the event and the Committee would apply for funding under the Community Grant Scheme for up to \$50,000 sponsorship each year as well as in-kind support.

Pros	Cons
<ul style="list-style-type: none"> • FeNaCING to continue as a community owned & led event. • Majority of funds would be expended with local businesses including staging, bar management, waste services, equipment hire and marketing. 	<ul style="list-style-type: none"> • Lead time to establish this Committee for the 2022 event means this option is not viable as a stand-alone option. • Some risk in the continued sustainability of a volunteer-based committee.

OPTION TWO: In-house Management

The City to employ a Project Officer to oversee the coordination of the Festival in 2022. This would be on an eight-month fixed term contract (Feb – Sept). At the same time Officers will work with the community to establish a Committee in the lead up to 2022, with a view they take on the event from 2023.

The Project Officer would sit in the Arts Development & Events team with support from officers that have experience in managing large scale events, including the Cossack Art Award and Red Earth Arts Festival. This will require an additional operational budget to cover the costs of the event, which would be offset by income generated from the event and sponsorship.

With this option it is anticipated that the officer would undertake the following tasks in-house:

- Sponsorship
- Financial management
- Site coordination and management
- Contractor management
- Entertainment

The following services would be outsourced and the contract managed by the officer:

- Staging
- Bar Management
- Waste Services
- Equipment Hire
- Marketing
- Fireworks

<p>Pros</p> <ul style="list-style-type: none"> • Utilise strong network of suppliers and businesses to support the event delivery. • Greater control and transparency over the management and funds involved. • Majority of funds would be expended with local businesses including staging, bar management, waste services, equipment hire and marketing. • Budget that was spent on outsourcing could be used to fund an internal resource. 	<p>Cons</p> <ul style="list-style-type: none"> • Some risk in being able to fill this role in the current recruitment market and retain them throughout the contract period. • Further establishes FeNaCING as a City owned event, rather than community owned.
--	--

OPTION THREE: Outsourced Management

As per last year run a formal Request for Tender process to secure the services of an event management contractor who would be responsible for all aspects of the event. A multi-year contract could be considered via this process.

<p>Pros</p> <ul style="list-style-type: none"> • Provides professional event management services to plan and deliver the Festival. 	<p>Cons</p> <ul style="list-style-type: none"> • Local capability to run the whole event is uncertain. • May attract Perth contractors which would mean a large portion of the event budget is managed outside of the region, would increase costs and risk. • Cost of outsourced contract would be higher than the proposed internal resource. Contract for 2021 was \$103,000. • Risk of Tender not attracting any suitable contractors. • Strain on internal resources to manage the contract within the current resourcing provision.
--	---

Officers have assessed all options and believe that Option 2 provides the best outcome for the City and the community because it provides a greater level of control over the event planning and delivery, will ensure sound financial management, ensures use of local suppliers and provides the opportunity to align a Community Committee to manage the event in the future.

LEVEL OF SIGNIFICANCE

In accordance with Council Policy CG-8 Significant Decision-Making Policy, this matter is considered to be of moderate significance in terms of social issues.

STATUTORY IMPLICATIONS

There are no statutory implications.

COUNCILLOR/OFFICER CONSULTATION

Council have been kept informed about the future of FeNaCING via a number of Briefing Presentations and Council items over the last 24 months.

Consultation has occurred with the Community Programs team to understand the capacity of the Arts Development & Events team to manage FeNaCING in their current structure or if additional resources would be required.

COMMUNITY CONSULTATION

Community engagement activities in accordance with the iap² public participation spectrum process to inform, consult, involve, collaborate and empower have been undertaken as follows:

Who	How	When	What	Outcome
Karratha Community Association	Meeting	2020/21	To discuss their capacity to run FeNaCING.	KCA declined the opportunity.
Onyx Events	Meeting	2020/21	To discuss their interest and capacity to run FeNaCING	Onyx Events indicated their interest to tender for the event management which they subsequently were awarded. They have indicated interest in being involved in future events.
Wrapped Creations	Meeting	2020/21	To discuss their interest and capacity to run FeNaCING	Wrapped Creations indicated they would not be interested in running the whole Festival but would consider partnering with other businesses – which they did for 2021. They have indicated they are not interested in being involved in future events.

POLICY IMPLICATIONS

There are no policy implications.

FINANCIAL IMPLICATIONS

Financial implications for each option presented in this report are provided below.

In all options the following assumptions are made:

Estimated Festival Income	\$380,000
Estimated Festival Expenditure (assumes no in-kind support)	\$315,000
Profit	\$65,000

Option One

Community Grant - City	\$50,000
In Kind - City	\$20,000
Cost to Council	\$70,000

Option Two

Project Officer salary, eight-month fixed term contract	\$105,418
In Kind - City	\$20,000
minus Estimated Festival Profit	\$65,000
Cost to Council	\$60,418

Option Three

Event Management Fee	\$110,000
In-Kind - City	\$20,000
minus Estimated Festival Profit	\$65,000
Cost to Council	\$65,000

The current budget has \$51,855 unspent for FeNaCING contractors & consultants which can be used for expenditure required in the lead up to the event.

Council is asked to consider allocating a further \$66,000 to cover the initial six-months of the Project Officer for the 21/22 financial year. The remainder of the event costs and employment costs could be allocated via the 2022/23 budget process.

STRATEGIC IMPLICATIONS

This item is relevant to the Council's approved Strategic Community Plan 2020-2030 and the Corporate Business Plan 2020-2025. In particular, the Operational Plan 2021-2022 provided for this activity:

Programs/Services:	1.d.1.1	Arts Development & Events Programs
Projects/Actions:	1.d.1.1.20.2	Partner in managing the FeNaCING Festival

RISK MANAGEMENT CONSIDERATIONS

The level of risk to the City is considered to be as follows:

Category	Risk level	Comments
Health	N/A	Nil
Financial	Moderate	Each option for management has a different financial implication for Council as outlined in the Financial Implications section.
Service Interruption	Low	If recruitment of a Project Officer is not executed or the role vacates throughout the term this would pose a serious service interruption in regard to the City's ability to resource the management of FeNaCING.
Environment	N/A	Nil
Reputation	Moderate	There is a moderate risk to Council's reputation if the FeNaCING event is not delivered or is delivered to a poor standard.
Compliance	Low	Multifaceted events like FeNaCING carry a low level of risk to Officers being able to comply with Local Government Procurement requirements.

IMPACT ON CAPACITY

In each option presented for Council's consideration there is some impact on current resourcing.

- Option 1 will require significant time invested in calling for and managing the establishment of a new community Committee. This is not currently factored into resource plans.
- Option 2 will need to be resourced with an additional role as outlined in the option summary.
- Option 3 will require significant time to manage the procurement and subsequent contract with an event manager. This is not currently factored into resource plans.

RELEVANT PRECEDENTS

In 2021 the City contracted an event management company to run the 2021 Festival in the absence of a community group being able to deliver it.

Large scale events are regularly reviewed with consideration to in-house management or outsourcing. Events like the Red Earth Arts Festival and the Cossack Art Award are managed through in-house event staff with a range of external contracts in place to plan and deliver aspects of each. This aligns to the management model proposed in this report.

VOTING REQUIREMENTS

Simple Majority.

OPTIONS:Option 1

As per Officer's recommendation.

Option 2

That Council by SIMPLE Majority pursuant to Section 3.18 of the *Local Government Act 1995* RESOLVES to CALL for Expressions of Interest for community members to form a Committee to run the FeNaCING Festival.

Option 3

That Council by SIMPLE Majority pursuant to Section 3.57 of the *Local Government Act 1995* RESOLVES to CALL for Requests for Tender for the event management by a suitably qualified contractor to plan and deliver the FeNaCING Festival.

CONCLUSION

The 2022 FeNaCING Festival is eight-months away and planning for the event needs to commence. This report presents three options for the delivery of the event including forming a community Committee, managing the event in-house or outsourcing via a formal Tender process.

This report recommends that the event is managed via an in-house project officer due to time constraints and greater control and transparency over costs and income. Alongside this Officers are recommending that they further consult with the community to form a FeNaCING Committee with a view for them to take on the event in the future.
